ANNUAL VOLUNTEER APPRECIATION NIGHT

APRIL 21ST AT RAMADA INN

L.V.N.A. would again like to extend a thank you to all the volunteers who make Lakewood Village a better place to live. This year we will be celebrating at the Ramada Inn with a dessert reception and award ceremony, Thursday, April 21st, 7:00 PM. The Ramada Inn (formerly Holiday Inn located on Wildwood) has graciously offered us the use of Salon A to help make this event a truly special occasion.

This is our regular monthly meeting, so we encourage you and your whole family to take this opportunity to come and say thanks to the outgoing board and over 140 volunteers and community supporters who participated in L.V.N.A. during 1993/94.

If you would like to have someone recognized for their contributions to the community you can do so by calling Debbie B. 734-3688 or Debbie N. 245-8382. Please call immediately. **Treats are also welcomed from community members.**

See you at the Ramada!

LVNA President Proposes Arming Crime Spotters with Cellular Phones

At the March 21st City Council meeting, LVNA President, Matthew Castrigno asked the City to provide the LVNA cellular phones so that the LVNA can organize a volunteer crime spotting patrol. The patrols would focus on problem areas but could encompass the entire neighborhood. The phones would be programmed to only be capable of calling 911 and Public Safety directly. Castrigno has discussed the idea with Public Safety before as a general crime fighting tactic but the recent surge in gunfire prompted him to take the concept directly to the City Council to help get it off the ground. The LVNA Board and City Officials will be meeting this month to discuss the proposal and the recent incidents involving gunfire. If anyone thinks they may want to volunteer for the crime spotting patrol call Matthew Castrigno at 734-5442.

Letter from the President

Hello Lakewood Villagers. My name is Matthew Castrigno. I am honored to be able to serve as the 94/95 President of the LVNA. Some of you may recall me as the acting President in the Fall of 91 when the organization was just starting. Well I am back and ready to serve. I want to thank all the people who have worked very hard to make the organization what it is today. It is truly impressive what all of you have done in the past 2 1/2 years.

The outgoing 93/94 board has made an excellent hand off to the incoming board. My thanks to them for helping to make the transition a smooth one. We hope to pick up and carry through with the many projects that were started by the 93/94 board. The incoming board is off to a great financial start of $3600 in the bank and plan to make the best possible use of that money.

I am very excited about the rest of the 94/95 LVNA Board; Debbie Nixon, as the 1st Vice President, Nick Wright 2nd Vice President, Carmen Paredes as Secretary and Angie De La Cruz as Treasurer. As Individuals they all bring their own special skills to the organization and collectively we will make a strong Board with a wide breadth of abilities. 94/95 will be a great year in which the organization will continue to grow stronger, building on all of the great work that has already been done. I look forward to working with all of you in the coming year.

Fairwood Park Update

The Supervisor of Parks has informed the LVNA that the City expects to secure the permit for the improvements to the Hetch Hetchy right-of-way by the end of the month. Once the permit is secured the entire Fairwood Park Project will go out for bid. The bids will include improvements along the bike path from Blazingwood to Fairwood as a separate line item. Should the winning bid be over budget, the improvements along the bike path from Blazingwood to Fairwood will be dropped from the project. The Fairwood Park Project includes the renovation of the school grounds as well as new facilities including restrooms, tennis courts and a volleyball area.

Airport Noise

Are the jets from San Jose International sometimes so loud they sound like they are flying into your living room? The jets are required to fly noise abatement patterns - but sometimes don't. If the noise is particularly loud from a jet flying by it is important to call and record a complaint *when it happens* so that non-compliant pilots and airlines are held accountable. In addition there is a curfew between 11:30 PM and 6:30 am when you should not hear any jets. To leave a recorded complaint call 998-0707. During business hours you may be able to get a live person, Larry Galindo, at 277-4111. Mr. Galindo is the noise control person for the City of San Jose. There is a very effective group in San Jose dedicated to reducing noise from the San Jose Airport. For more information call Matthew Castrigno at 734-5442.

Lawrence Expressway Project Update

Matthew Castrigno - 734-5442

The City of Sunnyvale has hired a consulting firm to determine the feasibility of the proposals made by Matthew Castrigno to the City Council to connect Wildwood Avenue directly to Lawrence Expressway with a complete intersection. That study has shown that one of the proposals would provide an intersection that would not impact the Lawrence Expressway project or the Caltrans overpass project and would provide traffic relief to our neighborhood both now and in the future. In a recent discussion with the new LVNA President Matthew Castrigno, Louis Montini, Assistant Director at the Santa Clara County Transportation Agency, indicated that the County is evaluating the study and will comment on it. The comments were not available at press time. Mr. Montini also indicated that the County has now decided to develop a landscaping plan for the project. This will allow for landscaping to be added easily in the future.
