Mission College Project May Go To Santa Clara Council July 26

The Mission College Project may go to the Santa Clara Council on July 26th. On June 22, the Santa Clara Planning Commission continued the Mission College Project to the meeting on Wednesday, July 13, at 7:00 PM. A continuance was requested by both the City of Sunnyvale and the L.V.N.A. president in separate letters sent to the commission. Should the Santa Clara Planning Commission approve the Environmental Impact Report, then the Santa Clara City Council will vote on the report July 26.

Lakewood Villagers need to let the Santa Clara Planning Commission and City Council know that traffic impacts from this project are unacceptable. A 55% increase in traffic on Sandia Avenue will seriously degrade the quality of life in our neighborhood. The objective is to get Santa Clara to require the developers pay for a new intersection connecting Wildwood Avenue and Lawrence Expressway so the traffic does not go through our neighborhood. Closing Wildwood Avenue at the City limit should be seen as a last resort as it will negatively impact Sunnyvale business and cut off access to the neighborhood. Listed below are the addresses and phone numbers of the Santa Clara City Council. Let them know what you think.

Everett N. Souza Mayor	4320 Bassett St Santa Clara 95054	(B) 984-3250 (H) 988-0608
Jim Ash Councilmember	3746 Hillsdale Santa Clara 95051	(B) 984-3250 (H) 241-8636
Dave DeLozier Councilmember	1162 Carmel Way Santa Clara 95050	(B) 984-3250 (H) 244-2331
Lisa Gillmor Councilmember	172 Harold Ave Santa Clara 95050	(B) 984-3250 (H) 554-1027
Tim Jeffries Councilmember	869 Circle Drive Santa Clara 95051	(B) 984-3250
Judy Nadler Councilmember	362 Lester Court Santa Clara 95051	(B) 984-3250 (H) 246-6295
Keri L. Procunier Councilmember	982 Hilmar Santa Clara 95050	(B) 984-3250 (H) 241-3340

The trouble with lawyer jokes is that the lawyers don't think they are very funny, and most of the rest of us really don't think they are jokes.

Letter from the President

Hats off to Public Safety for the excellent traffic control job performed by Sunnyvale's finest on the Fourth of July. Cutting off traffic except for local residents allowed Lakewood Villagers a safer and more pleasant holiday. Thanks again!

A special thanks to Jessica Lee for joining the Neighborhood Identification Sign Committee. As last year's L.V.N.A. President, Jessica was the driving force behind making this project happen. Good to see you invovled with the L.V.N.A. again Jessica.

Neighborhood Clean Up Day is upon us. I am asking everyone to make an effort on the weekend of July 23rd to take a look at the outside of their homes to see if there is something that they can do to make it look a little bit better. Please don't miss this opportunity to clean up your yard and make use of the dumpsters. Take a moment to ask a neighbor if they need help getting something into the dumpsters. I'm sure they will appreciate your asking.

Matthew Castrigno - L.V.N.A. President

Monthly Meeting

The Lakewood Village Neighborhood Association (L.V.N.A.) meets on the third Thursady of every month. All residents of Lakewood Village are encouraged to attend these meetings, to meet neighbors, learn about upcoming events, and voice concerns. Children are welcome.

Date:	**Thursday, July 21, 1994**
Time:	**7:00 PM**
Location:	**Lakewood Park Building at Lakechime and Silverlake**
Topics:	**Neighborhood Appearance - What can be done to improve it?**

Bring a Friend or Neighbor!

Public Safety Survey Results

The Survey responses in the May *Villager* regarding public safety were fairly consistent. The "averag" answers were calculated by giving each response option a number then calculating the numerical average for each question.

The possible responses on the survey and the numeric values assigned are as follows:

Strongly Agree	Agree	Not Sure	Disagree	Strongly Disagree
2	1	0	-1	-2

The questions on the survey and the results of the calculations of the responses are as follows:

You are satisfied with the service you receive from Public Safety: 0.6

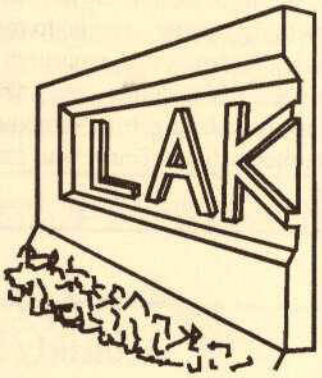

The Public Saftey Department know the concerns of Lakewood. 0.7

The Public Saftey Department enforces parking regulations enough. ..... -0.4

The Public Safety Department responds to abandoned car complaints promptly. 0.3

There are too many abandoned/inoperable cars in the neighborhood. 1.7

Neighborhood Identification Sign Selected

The style of the Neighborhood Identification Sign was chosen by the residents present at the June 16th general meeting. Alternative 3 (Recessed name block with concrete letters projecting out) received the most votes. The Neighborhood Identification Sign Committee has been formed to help the City select the final details of the sign. The committee members are Jessica Lee, Debbie Nixon, and Nick Wright. The Committee Chair will be selected at the next board meeting.

Public Safety Corner: Vacation Security

With summer in full bloom, vacation time is probably just around the corner for you and yor family. You shuld have a fun, relaxing time, not worrying about the security of your home. Below are some general safety suggestions to help make your home as safe as possible while you are away:

Before leaving, secure your home by installing reliable locks on all doors and windows, and use them!

Engrave your valuables with your dirver's license number. You may want to call the Department of Public Safety at (408) 730-7140 to schedule a home security survey before you leave. The crime prevention representative will suggest specific steps for securing your home. You may also hae the representative engrave your valuables.

Never leave your house key hidden outside under a doormat, in a flower pot, or on the ledge of a door.

Make your house appear "lived in." Use timers for lights and radios. Have a neighbor or friend pick up mail, packages, and newspapers. You may also want to arrange to keep your lawn mowed and watered while you are away.

Leave your trip plans and an emergency telephone number with trusted neighbors or friends.

After making sure your home is as secure as possible, relax, and enjoy your vacation!

Did Anything Happen When You Called Public Safety?

Have you called public safety about something and wondered if anything was done? The key to finding out is the "event number". When you call public safety ask for the event number. This number is used to track the "event" that you are calling about. Every call gets an event number, be it a report on suspicious activitiy, an illegally parked car, domestic violence, or whatever. Later on when you want to find out what action was taken or what was the outcome of your call you can simply refer to it by its event number. This will avoid confusion and allow public safety to respond to your inquiry more efficiently.

Garage Sale Signs

Your garage sale is over. You've cooked in the sun for the past two days. You've unloaded some treasures that by any ohter definition would be classed as junk. You've either tossed the unsold items in the trash where they belong or you have stacked them away in the garage for another sale sometime in the future. And now you are counting up the money you got for your treasures. Is your job finished? No! Please remember to take down your signs that advertised your sale. You probably posted them on the soundwall or on the nearby traffic light poles on the island in the middle of Lawrence Expressway at the intersection of Sandia/Lakehaven. This are is the major gateway into our neighborhood, and passers-by form thier opinion of our neighborhood by what they see. Therefore, please help keep this area neat and clean. Thank you.

Lakewood Village BBQ

Add Saturday, September 10th to your calendars! The LVNA has tentatively scheduled this day to hold the Annual Lakewood Village BBQ at Lakewood Park. This is a BBQ by the residents, for the residents, and is a chance to come out and meet your neighbors. Help will be needed to plan, set-up, and cook. The BBQ committee is now being formed and this is *your* chance to get invovled. To volunteer now, please call Nick Wright at 730-1115.

Free Wood Chips

Free wood chips are available for residents of Lakewood Village from the City of Sunnyvale. Call Steve Sukke, City Arborist, at (408) 730-7415 for information. The wood chips can be delivered free of charge by sending a letter indicating the amount (in cubic yards) and the location on the property to dump them. Wood chips are a great way to dress up the park strips in front of your property. Place them around plants to save water. This is an easy way to improve the character of Lakewood Village. The address is:

Steve Sukke
P.O. Box 3707
Sunnyvale, CA 94088-3707

Council Watch

At the June 28th Sunnyvale City Council meeting the City Council was asked to consider re-evaluating the city's utility undergrounding priorities so that the overhead utility wires at the Lawrence/101 interchange could be put underground. In connection with the Lawrence Expressway HOV project, the utility poles have to be moved and all of the 30+ foot tall trees along Lawrence, just north of Highway 101, are to be removed. There is no plan currently to underground the utilities. The speaker making the request pointed out that by not removing the trees, the utility lines will be even more of an eyesore. It was also pointed out that this "gateway" to Sunnyvale is the only gateway identified in the city documents as a candidate for improvement that does not currently have underground utilities.

Councilmember Stan Kawezynski made a motion, seconded by Councilmember Barbara Waldman, to obtain information from city staff on what would be invovled to do such a project. The motion passed 4 to 2 with the additional support of Councilmembers Landon Noll and Jim Roberts. Vice Mayor Robin Parker was not present.

We Can Help - But You Must Call!

If a sanitary sewer lateral does not function, the City should be notified at 830-7510 during regular working hours or at 730-7180 at other times.

1. The sewer crew will then check to make certain that the sanitary sewer main is operating in the street. If it is operating, the householder will be notified that the problem lies in the sanitary sewer lateral and that a plumber should be called.
2. It is the responsibility of the landowner or householder to maintain the section of sanitary sewer lateral in private property. It is also his/her responsibility to remove any plugs from the section of sewer lateral between the property line and the sewer main caused by paper, toys, other solids, etc.
3. Between the property line and the sanitary sewer main, the City will make repairs to sanitary sewer laterals that have been broken, settled to such an extent as to be nonfunctional or plugged by City tree roots entering the lateral.

Our Performance Indicator is "Respond to sewer emergencies within 20 minutes of receiving the call 90% of the time."

Dumpster Day

Dumpster Day Hotline 734-1934

Remember, Dumpster Day is July 23rd. Volunteers are available to helpyou with the clean up of your property, so there is still time for you to call the Dumpster Day Hotline for assistance. Also, should you have a question or concern on the day of the event, use the hotline.
