ANNUAL NEIGHBORHOOD BBQ - SEPTEMBER 10TH!!

All Lakewood Residents are invited to come and have fun at LVNA's Annual Neighborhood BBQ at Lakewood Park on September 10th, beginning at 11:00 AM. Come enjoy the fun. Come enjoy the food. Come enjoy visiting with your neighbors. Judging by the number of the expected participants, this is going to be THE big event of the year for the neighborhood. The LVNA organization will be providing FREE FOOD, served from 1:00 PM - 3:00 PM, and ask that neighbors contribute by bringing their favorite dessert to share with others. We need more quality volunteers to bring ideas and suggestions to help make this event a rousing success.

Planning for this event is underway so look for further details. If you like to have FUN and want to get involved, contact Nick Wright at 730-1115.

Santa Clara Council Approves Mission College Project EIR

On July 26, the Three Ring Circus known as the Santa Clara City Council put on show that had a well defined theme. That theme was "to heck with environmental impacts how can we make friends with rich developers". The item up for discussion was the Environmental Impact Report (EIR) for the 1.2 million square foot project on surplus land at Mission

Monthly Meeting

The Lakewood Village Neighborhood Association (L.V.N.A.) meets on the third Thursday of every month. All residents of Lakewood Village are encouraged to attend these meetings, to meet neighbors, learn about upcoming events, and voice concerns. Children are welcome.

Date:	**Thursday, August 18, 1994**
Time:	**7:00 PM**
Location:	**Lakewood Park Building at Lakechime and Silverlake**
Topics:	**Mission College Project** **LVNA Mission Statement**

Bring a Friend or Neighbor!

Letter from the President

Congratulations Lakewood Villagers! You have made Neighborhood Clean -Up Weekend a record breaking success. 97 loads of dumpsters with 271 tons of debris were removed. That is more loads than even the '92 Partners Kick off event. Many thanks to the Lane and Goldsmith families for their outstanding organizational and hands-on contribution to the success of this event. The dumpsters are made possible by the continued support of the City of Sunnyvale. They are not paid for with money from your garbage bill. Organizational support is provided by the Neighborhood Preservation Department. Our thanks to all the city personal involved. The success of Neighborhood Clean - Up Weekend will go a long way in making Lakewood Village an even more desirable neighborhood.

The appearance of the neighborhood can be thought of as the sum of the appearances of our individual homes. This is an important concept to keep in mind when making changes to the outside appearance of your home. Before you make a change ask your self one very important question. What would the neighborhood look like if everyone was to do the same thing? If the answer is not a positive one please re-think what you were about to do. Here are some examples. You want to use garage for a workshop, so you put that extra car in the street. What would the neighborhood look like if every car was parked in the street? You want to keep your garbage can or recycling bins in the driveway because its easier for you. What would it look like if everybody did the same thing? You want a chain link fence in the front yard because its easy maintenance for you. What would the neighborhood look like if we all had chain link fences? You want to push home a shopping cart from the market and leave it out in the front yard until they come by and take it. What if everyone had a shopping cart in their front yard? None of these things contribute to an attractive neighborhood. So please, when making changes consider the contribution your home makes to the total appearance of the neighborhood..

Matthew Castrigno - L.V.N.A. President

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed it's the only thing that ever has." ***Margaret Mead***

Public Safety Corner

Neighborhood Watch Month

Bob Issacs , Neighborhood Resource Officer 730-7145

More than 1.9 million crimes are reported in California every year and many remain unreported. State law enforcement officials attribute some of the increase in reported crimes to greater citizen awareness. Voluntary crime prevention efforts such as Neighborhood Watch have proven effective in encouraging greater citizen participation. The purpose of California Neighborhood Watch Month is to recognize and encourage even greater participation in this program. August has been selected as the Neighborhood Watch month in Sunnyvale.

Neighborhood Watch meetings offer information on home security and property identification. They help neighbors cooperate with one another. Neighborhood Watch promotes good security practices, observant and caring neighbors and cooperation between citizens and law enforcement. Citizens work with local law enforcement agencies to:

- Report suspicious activities
- Assist in property identification
- Conduct home security surveys
- Use home security measures

If you are interested in preventing crime in your neighborhood, contact the Department of Public Safety Community Services Bureau at 730-7140.

Parents...are your children home alone?

KidCall is a new toll-free telephone line 1-800-KGO-7549 for children throughout the Bay Area who are home by themselves after school. Specially screened and trained adult volunteers, supported by the Lucile Packard Children's Hospital pediatric nurses, provide comfort, information and emotional support by phone to children from 3 PM to 6 PM, Monday through Friday.

During these after-school hours, KidCall volunteers can: help with homework, answer questions, read stories, play games, tell jokes, ease loneliness and fears. This service is not a crisis line. Callers remain anonymous, except for first names and zip codes. KidCall is meant to supplement and strengthen family networks in the community.

Circe de Santa Clara

College. Before the public hearing started ringmaster (also starring as head clown) Everett Souza, set the pace for the absurdities to come by ridiculing the staff for not considering how he felt that much fewer cars were going to drive pass Great America Parkway on Hwy 101 once Hwy 85 was open. We didn't know the mayor was an expert on regional traffic flow too. When confronted with the absurdity that the EIR claims 95% of the project traffic will enter from Mission College Blvd. and 5% will enter through the Sunnyvale Lakewood Village neighborhood, an equally accessible entrance, Souza demanded evidence that it wasn't true. When it was pointed out to him that the evidence was in the thousands of words written by the City of Sunnyvale and others in response to the draft EIR he seemed stunned that he would be actually expected to read what he was voting on.

While some projects create impacts which have no possible mitigation, this project has an option that would neutralize the traffic impact in Lakewood Village immediately west of the site. An intersection could be created that would allow full movement between Lawrence Expwy and Wildwood Ave (the street the project is on). The Council demonstrated a blatant disregard for environmental impacts and courted the rich developers by refusing to hold the developer responsible for more than 9% of the cost of such an intersection. That turns out to be less than $50K to save a neighborhood from the traffic created by a project that will cost tens of millions of dollars.

The second act of the show began when the first vote on mitigation to be taken failed because of objections raised to how the burrowing owls on the site were to be treated. What happened next is best described in the words of Councilmember Nadler who called it "lets make a deal". A raucous free flowing exchange between councilmembers, the army of consultants, staff and the panicking developer ensued. Eventually at 1:30 am a new mitigation plan for which there was no public hearing and no EIR was passed by the council with the exception of Jim Ash who voted against the motion. The project was saved and environmental concerns squashed.

In future trips to the voting booth remember the names of these circus performers you don't want to see in the act again: Everett N. Souza, Dave DeLozier, Lisa Gillmor, Judy Nadler, Keri L. Procunier.

Thank You

To all the people that volunteered their time and energy to make the dumpster weekend a big success. We collected and hauled off about 97 full dumpsters. We would like to acknowledge Doug Spinelli, our Neighborhood Preservation Rep, not only for his presence and assistance on Sat. & Sun., but for the printing of the dumpster locator maps that were distributed to everyone. We also appreciated your manual labor Doug! Speaking of manual labor a very special thanks to those who lent a hand to our elderly neighbors who requested assistance in gathering and transporting material to the dumpsters. A big Thank You to the person who does not live in the Village but provided a pickup for this purpose. Thank you Tom Mayer for printing the notices that were placed on each dumpster. They really spelled out the do's and dont's. Gene Goldsmith, our Co-Chairman, we could not possibly have done it without you. I am sure we all appreciated those who saw the need and took the initiative to sweep and pickup the spillage around the dumpsters. And a very big "Boooo" to those who left material along side the dumpsters instead of in them. It is really great to see our neighborhood all working together to make Lakewood Village a nicer place to live. Thank you one and all - Jim Lane

Newsletter Contribution

The deadline for next month's newsletter is August 29th. We attempt to print all submissions as space permits. However, we cannot verify information. Call the Editor at 734-9424 if you have any questions. For advertisement space and rates call Matthew Castrigno at 734-5442.

ANNOUNCEMENTS

- Jessica Lee has been appointed the Chair of the Neighborhood Identification Sign Committee.
- Don't forget Saturday, September 10th! The LVNA has scheduled the Annual Lakewood Village BBQ at Lakewood Park from 11 AM to 4 PM. Lunch will be served from 1:00 PM to 3:00 PM. Volunteers are still needed in two stages. Help is needed immediately with the set-up and cooking. The BBQ committee is being formed and this is your chance to get involved and make a difference in our community. Please call Nick Wright at 730-1115 for this exciting opportunity to meet some new neighbors and have some fun.
- A contest is being held to design a new logo to represent the LVNA on newsletters, letterhead and other official events. Please submit any designs or ideas for designs and come to the next LVNA meeting to vote for the winning design. The winner will receive an official LVNA T-shirt. Please submit entries to Nick Wright at 915 Lakewood Drive by Monday, 8/15/94, call 730-1115 for any information.
- A Mission Statement is an important part of defining an organization's reason for being and acts as a litmus test to verify that its actions are focused towards achieving its goal. The following mission statement is proposed for the LVNA and will be adopted at the next general assembly meeting. Please bring any comments or suggestions and vote.

  "The LVNA is an organization that represents the residents of Lakewood Village. Its mission is to enhance the quality of life in our community by nurturing involvement, cooperation, participation, and self-esteem in our neighborhood"

Council Watch

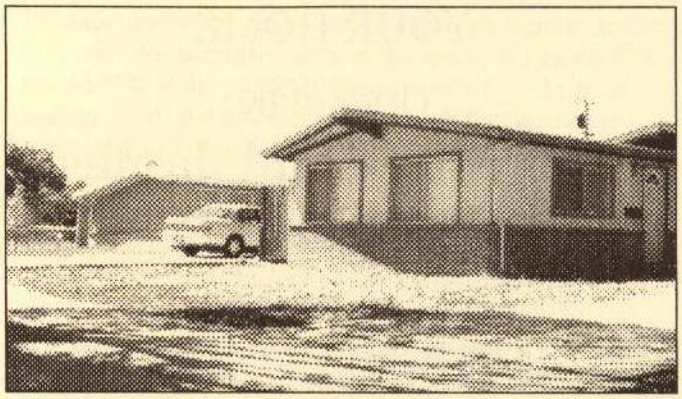

The Sunnyvale City Council has unanimously approved pursing Santa Clara County to bury utility lines along Lawrence Expressway between Lakehaven and Highway 101. In a detailed report to council, the staff recommended that the Mayor request the Santa Clara Board of Supervisors to use $840,000 of the their rule 20A moneys to fund the project. Should the project proceed the city would spend $150,000 in burying the utility lines that go to the affected homes on Blazingwood and Velvetlake. The report was generated after Matthew Castrigno appeared before the Council June 28, requesting that city consider the project. The staff report and letter to the Board of supervisors included the issues brought to council by Castrigno. The area is a important gateway to Sunnyvale. The HOV lane project will remove the landscaping in the area, including the 30+ foot Polar trees, making the wires more visible. The utility poles would have to be moved anyway and into the wall making later removal more costly.

Chain Link Fence Removal

The LVNA offered free chain link fences removal on dumpster day last July 23, and removed three fences. This offer was extended to improve the local character and we would like to thank the local residents for choosing to remove the chain link fences. Thanks to Matthew Castrigno and Nick Wright for volunteering their time.

Before fence was removed

After fence was removed... an improvement, no?

Anti-Graffiti Update

We've had a lot of success combating graffiti in the Village but a new form of graffiti has popped up. You've all seen it. It is Garage/Yard Sale signs scrawled on everything from pieces of cardboard to computer print outs. Though they serve a useful purpose, once the sale is over, they look as bad as graffiti. Please, when your sale is over, try to remember where you posted your signs, then go around and remove all of them (and the tape). You'll get a warm feeling knowing that you acted responsibly, your neighbors will thank you for making our Village look better and you can count your money without any guilt feelings. Remember, if you don't remove your signs, we know who you are and where to find you.

$ Reward $

For information leading to the arrest and conviction of the responsible parties. Between 7/9/94 and 7/10/94 individuals vandalized numerous vehicles and property at Mission College. We are requesting anyone with information to call 741-2092 or page 955-8723 Monday - Thursday 7:00 AM - 3:00 PM.

Beautification... "The Lot"

Due to the donation of a variety of trees and shrubs (many in need of extra TLC), we were able to provide **free** plant materials to our neighbors during the dumpster weekend. Notices were placed on the dumpsters and the "lot" was used as a distribution point. People not only cleaned up their yards but many did planting as well.

Next plan for our "lot" will be a decoration project for Halloween based upon the characters from "The Legend of Sleepy Hollow" by Washington Irving. I have had some concern expressed as to the appropriateness of the display in relation to the ages of the neighborhood's children. Call me with your ideas and suggestions. Debbie Nixon 245-8382.
