April Meeting - City Projects

Fred Fowler

Dear Neighbors: The April meeting of the Lakewood Village Neighborhood Association is the first one of the new board year, and it looks like things are starting off with a bang. Please come to the Lakewood Park building at 7:00pm on April 9th to hear presentations about two important city projects that will have lasting effects on our neighborhood.

The first project we will hear about is the renovation of the Hetch Hetchy right-of-way on the Lakewood side. City Parks supervisor Scott Morton and other park officials will be joined by project architects from Callander Associates of San Mateo to describe what the tentative plans are and get feedback from you and I. The input they get will be incorporated into the final presentation that goes before the Planning Commission in May and the City Council in June. If you want to have an impact on how things will look when the project is complete, the April 9th meeting is the place to be!

The second project to be discussed is about as important as any I can think of. City Traffic Engineer Ray Williamson and members of his department will be giving details about the proposed re-routing of Wildwood Avenue and its connection to Lawrence Expressway. His purpose is to describe the city's plan to divert traffic away from Sandia and onto Lawrence in a way that the County and CalTrans can live with. He also will be ASKING FOR OUR HELP TO WIN COUNTY APPROVAL for the project--help that will be needed SOON, PERHAPS IN A MATTER OF DAYS. If you care about trying to prevent thousands of cars from speeding past homes, a church, and an elementary school on their way to and from the Mission College complex, then please come to the meeting and help us plan what to do. Your neighbors are counting on you!

MONTHLY L.V.N.A. MEETING

All residents of Lakewood Village are encouraged to attend these meetings. You will meet your neighbors, learn about upcoming events of special interest to our community, have a chance to voice your concerns and opinions, and help work towards a better neighborhood. Children are welcome.

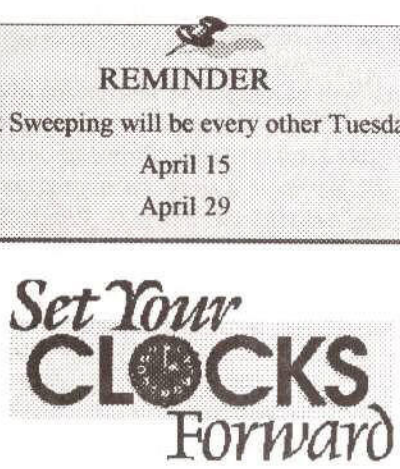

Date:	Wednesday, April 9, 1997
Time:	7:00 PM
Location:	Lakewood Park Building at Lakechime and Silverlake
Agenda:	City Projects

REMINDER

Street Sweeping will be every other Tuesday:

April 15

April 29

New LVNA Officers Elected!

Pursuant to rules laid down in the bylaws of the Lakewood Village Neighborhood Association, the following candidates have been elected to serve as officers for the organization's 1997-1998 board year.

Please congratulate these people and wish them luck in their upcoming endeavors.

President	Fred Fowler	747-1454
1st VP	Charlene Jolly	732-6504
2nd VP	Rick Flovin	737-8025
Secretary	Sharon Andrezejewski	730-4808
Treasurer	Tom Freeman	734-5769
Editor	Arba Tucker	734-4043
Ad Coordinator	Mel Anderson	745-6028

Writing & Drawing Contest Winners

Phyllis Fowler

The LVNA is proud to announce the April winners of the Writing and Drawing Contest!

Grand prize winners receive a $20.00 gift certificate from Toys R Us. This month's winner is:

- **Elisa Wikey, age 8, a cartoon of bees**

Other entries receive a $5.00 gift certificate from Toys R Us:

- **Jennifer Phan, age 6, a drawing of a Leprechaun**
- **Tracy Phan, age 8, a drawing of a Rooster**

All entries will be displayed and prizes given at the next LVNA meeting. This is a monthly contest for youths under 18 who live in Lakewood Village. Previous winners can enter again. To enter, just write a story, poem or essay (less than 500 words) or submit an original drawing. Prizes will be awarded to the top 20 entries.

All entries must be in no later than the 23rd of the month. Include your name, age, address and phone number on the back of your entry. All entries must be original works (school work is okay!). By entering the contest, you grant the LVNA the right to publish your submission. Material submitted will not ordinarily be returned and becomes the property of the LVNA.

Please mail or drop off entries at:

The Burglary

Veronica Hermosillo, age 11

One of March's Writing & Drawing Contest Winners

(Fiction)

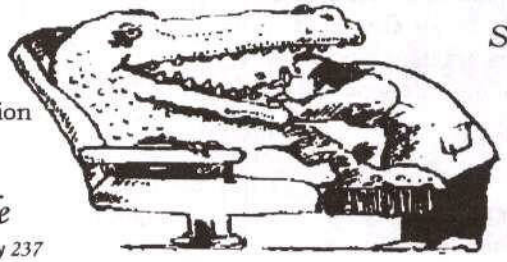

One night when I was going to sleep I heard something fall. I thought it was next door, but it wasn't so then I came out of my room and I felt a cold chill, and I noticed the kitchen window was open. So I went up to it and saw a car parked in my front yard, so then I closed the window and I heard something else fall. This time it was from the garage. I looked in the garage and saw my sister's nino tied up, so I untied him and yelled "LOOK OUT!" In a flash I got hit in the head and fell to the floor unconscious. My mom, dad and sisters woke up, raced to the garage as if there was a $1,000,000 prize and spotted me on the floor. My dad spotted the guy, chased him with his gun, then, my dad and burglar ran 1/10 of a mile and stopped, while my dad was running my sister tried to wake me up and my mom called the police. When we got to the hospital my mom brought my puppy, he was about 2 years old. I started to wake up, the only words that I spilled out was "The car parked in front of the house," I began again. My dog barked. I started to cry because I wanted to hug him.

It was about a year now. My dog's birthday was the next day. I got home on time when we were getting it ready. The party started and the phone rang, my dad answered it and it was the police, the police said they caught him yesterday but they needed evidence, so then we really had a party! *The End*

Street Sweeping

Tom Freeman

Congratulations everyone! Lakewood Village took a big step to help the city keep our streets clean. Many people in the neighborhood made an extra effort on March 18 to move their cars; this made it easier for the city to clean our streets. Special thanks go to Gene Goldsmith, Rick Flovin, and Charlene Jolly for distributing the reminder notices. As you probably know, for the first six weeks (until April 15) we are trying to make an extra effort on Sandia, Socorro, and Torrence, by posting the orange reminders on cars parked on these streets. If this voluntary effort stays successful, we hope to try a similar effort on other streets in the neighborhood.

Some people have called asking if they will get a parking ticket if their car is parked on these streets during the street sweeping days. No, you will not get a ticket. It is legal to park on the street at that time, but we are asking everyone to move their cars if at all possible. However, you may get a parking ticket if you violate any of the parking regulations that are listed on the street sweeping notice; for example, if you leave a car parked in one location for more than five days.

The city has been helping us clean up our streets by increasing the enforcement of parking regulations that have been in place for a long time. This helps us all in the long run by making the neighborhood look better. This may also increase the market value of the houses - if it changes the value of the house by only 1%, it would be like putting $2,000 in your pocket!

One item that was discussed at the recent LVNA board meeting was the issue of Lakewood residents who run a business out of their home. Lakewood is a residential neighborhood, and there are zoning regulations that limit the activities that can be carried out in a residential neighborhood. If you are running a business, you should of course have a business license from the City of Sunnyvale ($10/year). Sunnyvale is a pro-business city, so if you have any questions about your business you can call City Hall and they will be happy to answer any questions you have.

Now that Sunnyvale Public Safety is increasing its enforcement efforts of parking regulations, if you do run a business from your home, you may want to know about Municipal Code SMC 10.16.160. It says:

"It is unlawful for any person to park any commercial vehicle (other than a pick-up truck, station wagon, or similar vehicle of a size similar to an ordinary passenger vehicle) more than five hours in any residential district except:

(a) While loading or unloading property and time in addition to such five-hour period is necessary to complete such work; or

(b) When such vehicle is parked in connection with, and in aid of, the performance of a service to or on a property in the block in which such vehicle is parked and time in addition to such five-hour period is reasonably necessary to complete such service. (Ord. 2435-93-1)."

If you are parking a commercial vehicle on a Lakewood Village street you may want to make other arrangements. You should either park these vehicles in your driveway, or rent parking/work space in an industrial area. I have been told that it is possible rent such space for between $35/month and $200/month, depending on the location and how much space is needed. Such rent would be a business expense, and therefore would give you an income tax deduction. If you need help finding space, or have any other questions, feel free to give me a call at 734-5769.

Citizenship Class

Pat Boyle

A citizenship class for legal residents who have lived in the U.S. for 5 years will start on Tuesday, April 8, at Columbia Middle School in room 22. Class will be Tuesdays and Thursdays from 6:30 to 8:30 pm from April 8 to June 5. The class will practice English and study for the citizenship test. Register at the first class.

Six tutors to help people practice English are also needed one night a week. For more information or to volunteer, call Ann Frost at the Fremont High School District Adult Education Office 522-2735.

Wildwood Alert! Action Needed!

Fred Fowler

Attention Lakewood Villagers! After months of quiet work behind the scenes, the city of Sunnyvale is ready to ask for formal County approval of a new intersection on Lawrence Expressway at Wildwood Avenue. If approved, this intersection will make Wildwood an attractive alternative to Sandia for vehicles coming to and from the gigantic Mission College complex currently under construction. City Traffic Engineer Ray Williamson says that getting County approval will be a difficult thing to do, and that there may need to be a SIGNIFICANT DEMONSTRATION OF PUBLIC SUPPORT if we want the plan to have a chance of success. We may soon be called upon to show up at a some key County public hearings to lobby for the safety and tranquillity of our homes.

I spoke to Ray on Friday, March 28th (the day before I sat down to write this article). He said he attended a meeting of the County Roads Commission on the 27th where the proposal was brought up as an 'informational' item (that is, as something where no decision would be made but as a 'trial balloon' to see what reactions it would produce.) He said that the commissioners were taken aback by the idea--they evidently did not like the notion of adding yet another traffic signal to Lawrence Expressway. After some words of explanation, some of the commissioners seemed to understand the problems facing the neighborhood because of the developments on the Santa Clara side of the border, and seemed to grasp the logic of the Wildwood proposal. Still, no one on the panel seemed happy with the situation and no words of encouragement were offered.

The reaction of the Roads Commission does not bode well for the future. Sometime in April, the County engineering staff will bring the Wildwood intersection before the Roads Commission as a formal proposal. At that point, the commissioners will take a firm vote on the issue and recommend approval or denial of the project. A few weeks later, the County Board of Supervisors will take up the issue and make the final decision using the recommendation of the Roads Commission as input. Needless to say, those two votes are of vital importance to our neighborhood. We need to win them both. If the County Supervisors turn the project down, it will be stone-cold dead. There will be nothing to prevent Sandia Avenue from becoming an extension of the freeway.

Ray and the Traffic Engineering Department need us to study the details of the proposal and to be ready to attend meetings of the Roads Commission and the County Board of Supervisors to speak on its behalf. We have set aside part of the April 9th LVNA meeting to let Ray give a presentation about the plan and to get ourselves organized to respond.

One of the difficulties we face is that we don't know WHEN these crucial meetings will be held. Ray says that he will be notified about them about one week or so before they happen. That will make it difficult to give notice about them through our monthly newsletter--the meetings may already have taken place by the time we publish the May issue. We'll have to figure out a solution to that problem on the 9th.

Wildwood Alert! Action Needed, continued from page 4

Another difficulty is that the Roads Commission and the County Supervisors hold their meetings DURING BUSINESS HOURS. Working people will have to make a special sacrifice if they wish to attend these meetings and give input. It will cost me money, but you can rest assured that I will be at both meetings. If you are an interested resident who does not have commitments between the hours of 9:00am - 5:00pm, I URGE you to give special consideration to this problem and to go to the meetings. You will be doing your neighbors a great service.

I asked Ray about the chances of the Wildwood project winning County approval. Ray said that it was 'touch and go' at this point, but that a significant show of neighborhood support could make the difference. We need to show the commissioners and supervisors that the impending problems on Sandia are not just numbers on paper. The problems will affect real people, real families with children. The Wildwood intersection is a compromise between competing needs. We need to tell the powers-that-be that the Wildwood intersection, imperfect as it is, is the best solution for both the neighborhood and for the drivers on Lawrence Expressway. If nothing is done, the result would be disastrous.

Please come to the meeting on the 9th, to hear Ray's presentation and to help us plan our strategy. Call me at 747-1454 if you want to help. If you can't attend one of the County hearings, please write to the commissioners and/or supervisors. If you wish, you can send your letters to me and I will see that they are delivered.

I'm optimistic about the chances of our success. I think we have a strong case to make, and the Supervisors will go along with us. If they do, we still won't be out of the woods: CalTrans has yet to give its approval to the project. We need to do this in a step-by-step fashion: first the County, then the State agency. We mustn't give up--I think it is fair to say that the future of the Fairwood side of the neighborhood is at stake. If we work together with Ray and the City Traffic Engineering Department, I think we stand a good chance of seeing this thing through. Lets resolve to do what we can to keep our neighborhood a place where ordinary people can live and raise their families in peace, where they don't have to worry about their kids being hit by speeding cars on the street. That's worth working for, isn't it? I'll be doing my part, and I'm sure all of you will, too.

Lakewood Neighborhood Garage Sale!

Fred Fowler

Ladies and Gentlemen, Children of All Ages: your attention please! I'm pleased and proud to announce what I hope will be the beginning of a neighborhood tradition! On Saturday, April 19th, the 1st Annual Lakewood Village Neighborhood Garage Sale will be held!

As you may recall, last month I wrote that our friend Doug Spinelli from the city Neighborhood Preservation department suggested we look into a garage sale as a fundraiser for the association. He said that every April the city sponsors an event where such sales are advertised free of charge. He said all we needed was for our best wheeler-dealer to come forward to do the selling, and for the rest of us to clean out our closets and storage sheds to provide things to buy. I ended up writing an appeal for such help in last month's newsletter.

I am happy to announce that our deal maker has stepped forward! Our new 2nd Vice President Rick Flovin persuaded our neighbor Buddy O'Brian to take up the challenge. Buddy is a garage sale and flea market "regular" and makes a good piece

Lakewood Neighborhood Garage Sale, continued from page 5

of change selling goods as a sideline to his regular occupation. Buddy has the knowledge and experience needed to make the project a roaring success, and I'm very grateful that he is willing to give of his time and talent for the benefit of the rest of us.

But wait, there's more! One problem to be solved was WHERE to hold the sale. Buddy said that we needed some place where lots of people would see us and where people could park close by. If we didn't find the right place the whole effort would be for naught. Then our 1st Vice President Charlene Jolly had a brainwave! Why not ask Dick's Market if we could use their Parking Lot! To make a long story short, Stan Yee and his father Gene said "of COURSE you may use our parking lot!" Our sale will be visible to all of the drivers on Lawrence Expressway and all of the shoppers who come to the shopping center!

So we have our sales manager and we have a prime location for the sale. What else do we need? WE NEED THINGS TO SELL! We need used clothes, furniture, tools, books, kitchen appliances, whatever you don't need anymore but that someone else might! How about old computers and video games? How about video tapes or music CDs? How about toys and games your kids played with before they outgrew them? If you have any such things (and who doesn't!) please consider donating them to the sale so the LVNA can use them to raise money.

Donating your old goods will be easy! We have set up two Garage Sale Hot Lines. If you have things to donate, please call Buddy O'Brian at 749-8063 or Charlene Jolly at 732-6504. Buddy has a truck and has offered to go pick up bulky items. At press time, we are still not sure where we are going to store donated goods, so call Buddy or Charlene to get instructions. If you want, you can simply bring them to Dick's Parking Lot on the day of the sale!

In addition to sales goods, we could use some other help. We need people to do set-up and take-down on sale days. We need people to help Buddy with selling, cash handling, and loading goods into customer's cars. If you have a truck and some storage space, we could use your help in collecting and storing all of the donations. If you are interested, please give Charlene or Buddy a call, the sooner the better.

I'm looking forward to this new event! It should be lots of fun, but more than that, it could be very important for us all. Last year we were able to give free Tennis lessons to some of our kids because we had a one-time grant of money. If our Neighborhood Garage Sale is a success, we may have found a way to do other things like the Tennis clinic without having to depend on outside sources of funds! Just think of the possibilities! This could be the key to other more grandiose projects to make life in our neighborhood better than ever! Lets roll up our sleeves and see what we can do!

Put the flyer on the back page of this newsletter on your refrigerator to remind you of this special event.

Bibi Momsen

The newsletter is great! For some reason I hadn't been getting it for months, but have received the last two issues and want to compliment you on them!

I'd like to see a very strong message placed in the Newsletter, in both English and Spanish, reminding people that streets are for cars, and children should not be playing on them, neither should they run/drive bikes, trikes, etc., out into the street unless they are very sure there are no cars coming from either direction. The streets in Lakewood Village are generally narrow, and cars and vans park on both sides. There is very little visibility as to who/what is going on the sidewalks. When a child suddenly appears from behind a parked car, the motorist has little if any reaction time, even when going at or below the speed limit of 25 miles/hr. I have had a couple of narrow misses; someday soon, a child will run or ride out from behind a parked car, and not be so lucky somewhere in the neighborhood.

PS: What about a column of "For Sale" items, run at a low cost per item posted? I've got a couple of things I'd like to sell but don't want to go the San Jose Mercury route.

Also, what about a job listing - e.g., teenagers looking for summer jobs who would like to work (within a short distance) walking/biking/rollerblading of home?

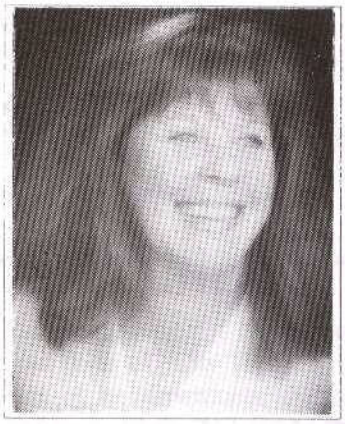

THE CLASSIFIEDS

Thank you Bibi for your compliments, message, and your suggestions for the newsletter. I will be happy to include a classified section in our newsletter. Here's the policy:

The LVNA Villager will offer advertising service to LAKEWOOD VILLAGE RESIDENTS ONLY. Only one ad of 15 WORDS OR LESS per resident per issue. The cost of $2 per ad will help support the printing costs. Job listings are free. Ads will be printed on a space-available basis.

When writing your ad, remember that "the," "a," "an," and "and" count as words. Hyphenated words count as multiples: "two-car garage" is three words; "winter/summer" is two words.

Ads must be paid for prior to printing the newsletter. Therefore, any interested residents must contact Arba Tucker before the last Friday of the month at 734-4043.
