Upcoming Event

Summer has nearly made its exit, but we have one more chance to enjoy it as a community. The **Lakewood Village Neighborhood Picnic** is **September 13th** from **11AM-2PM. Volunteers needed to set up and break down, please attend meeting to sign up. Thanks!**

There will be great food, games for the kids, a raffle, and we would like to have a Sunnyvale police car and fire truck come, just like we did last year. The food will be provided, but please consider bringing a dish to share.

Meeting Recap

Our last meeting was quite productive. We had a preliminary discussion about starting some block parties. I have already received some emails and calls from people willing to hold one. If you are interested or have ideas, please let me know.

We also had a great recommendation for planning a "Clean the Park Day." We will see if the city can supply the tools, and then volunteers can help clean up trash in the parks.

Flood Map Re-Zoning Question

I finally have an answer for those of you who were wondering how to be re-zoned so you don't have to pay for flood insurance. As I understand, if you fall into Zone B on the flood map, you should not need flood insurance.

Zone B: Areas between limits of the 100 year flood and 500 year flood; or certain areas subject to 100 year flooding with average depths less than one foot or where the contribution drainage area is less than one square mile; or **areas protected by levees from the base flood.**

If you are currently required to have flood insurance, you are probably zoned A, or A1-A30. If you can have the city change this, you should no longer need flood insurance. Given the flood wall along Calabasas Creek, you should be able to be rezoned to Zone B.

LAKEWOOD VILLAGE in Sunnyvale

Lakewood Village to be Featured in Atomic Ranch Magazine

Dear Lakewood Village Residents,

My name is Heather David and I am a freelance writer. I have a web site called SV MODERN, www.svmodern.com, and I write for PAC San Jose on the subject of mid-century architecture. I am currently working on an article about **Lakewood Village** for **Atomic Ranch** magazine, www.atomic-ranch.com.

The article will contain a brief profile of the developer of Lakewood Village, Alec Branden, and will feature 3 to 5 Lakewood Village homes. I am currently looking for homes to be photographed and homeowners who would be interested in participating in this exciting project.

If you have a Lakewood Village home that appears much like it did during the 1950s and are interested in your home being featured in a popular national magazine, please contact me, at your earliest convenience, at (408) 497-8057 or heatherdavid@earthlink.net.

Many thanks, in advance, for your help!
Heather

Fight Against Stevens Johnson Disease

Dear Friends and Family of Lakewood Village,

On June 22, 2008, we lost Heather Dorrough Cuper, a former Lakewood Resident, at age 31, to Stevens Johnson Disease. Heather leaves behind two daughters, Avery and Tessa, along with her loving husband, Jeremy.

To honor her memory, and prevent families from having to suffer the same loss, the **First Annual Fight Against Stevens Johnson Disease 2008** will be held Sunday, September 28th, 1:00- 5:00 at Tarragon Restaurant, 140 S. Murphy Street, Sunnyvale.

The event will provide the public and medical communities information on adverse allergic drug reactions, so a quick diagnosis can be made, and the offending drug stopped as soon as possible.

For advance tickets, please mail your check for $40/ticket to: "The Fight Against Stevens Johnson Disease", 140 S. Murphy Avenue, Sunnyvale, CA 94086, Attn: Noemi Bautista.

There will be great food and wine, a Jazz band and the HIYAS Filipino Folk Dancers, along with a silent auction.

Thank you for your love and support.

Residue from Infected City Tree Ruining Car and Discoloring Street

I have an oak tree in front of my house that is dropping a sticky residue on the street and on my vehicle, possibly causing damage to the paint and leaving a nasty wet look on the streets and sidewalk. I called the City of Sunnyvale Preservation Officer, Nadine, at 408-730-7505. The result was a note from the city indicating that the "sap" was actually exuded by pests called aphids. The City of Sunnyvale said they will no longer spray these pests due to budgetary reasons. They advised me to spray it myself. The city said "no" when I asked them to cut the tree down and replace it with a different type.

Finally, I sprayed the affected area with water. Since then I have not seen as many aphid droplets on my car.

This substance is ruining the paint on my car. The streets and sidewalks are a mess and there is no solution in sight. Hopefully this will not affect my property value. Does anyone have an alternative solution? ~Lakewood Resident
