Discussing Neighborhood Issues,

Councilman David Whittum, Representative from Dave Cortese's Office, and a Representative from Public Works (more information below)

September 9, 7:00 pm, Lakewood Park Building

*******Lakewood Picnic, September 19, NOTE DATE CHANGE FOR PICNIC*******

President's Column

-Michael Majchrowicz

Our annual picnic is only about 2 weeks away! It will be on **September 19th** at Lakewood Park. If you would like to bring a side dish or dessert that would be greatly appreciated. I am looking forward to seeing some neighbors I haven't seen in a while, and meeting new people that have moved to Lakewood Village.

Our September meeting on the 9th at 7pm is also going to be well worth attending. We are going to try and have Public Works at the meeting to discuss development plans for Wildwood. I know this is something many people in the neighborhood are passionate about because of the traffic from Mercado. This is something that has been talked about for a long time. I have been talking with David Whittum from Sunnyvale City Council and he has expressed a great deal of interest in this project.

Councilman Whittum gave a presentation two months ago about running for city council while keeping a tight budget. It was informative and well received. Because of the interest that was shown in this topic we would like him to do the presentation again. He will be attending our September meeting as well.

Lastly, a representative from Dave Cortese's office will attend the meeting to hear the concerns of the neighborhood so he can report back about the needs in our community. One item that could be discussed are the missing curb cuts (ramps at corners that are needed by wheelchairs, bicyclists, strollers, or walkers). Funds have been allocated for these types of improvements for Sunnyvale this fiscal year, so if you know of areas where the lack of curb cuts poses a problem, write down the intersection and attend the meeting. All other neighborhood concerns are also welcome. As always, these meetings are not to vent, but to build awareness and create solutions.

Let's work to improve our neighborhood!

Volunteer Opportunity: Edit the *Villager*

Here's a chance to help the Lakewood Village neighborhood in a major significant way. The *Villager* newsletter goes to 1,700 homes, as well as the Sunnyvale City Council and some of the local businesses. If you have an aptitude for putting together a newsletter, have a computer with Publisher, Word or a comparable word-processing program, and perhaps have some ideas on how to make the *Villager* livelier and more informative, consider trying your hand at this interesting opportunity.

The *Villager* needs a new editor beginning in **January 2010**.

For more information, call Christy at 230-1546 or e-mail editor@lvna.net

Saturday	9:30 am - 1:30 pm	$15/$18

Speeders Beware!

School is now in session, and there are lots of children walking in our neighborhood. The speed limit is 25, NOT 50 or 60. How would you feel if you hit a child—or an adult, for that matter—and seriously hurt or killed them? Speeding is against the law, and so is vehicular manslaughter.

If you have to be somewhere at a certain time, either leave earlier or at least wait until you get to the freeway to make up time. Don't take the chance of injuring or killing someone.

If you have friends who visit our neighborhood, tell them not to speed on our streets. Protect your neighbors, especially the kids. ■

September in Your Garden

☼For the best selection, purchase spring bulbs as soon as they come on the market. Shop for native plants, trees, and shrubs. Do not buy or plant frost-tender plants such as citrus and bougainvillea (wait until next spring).

☼Continue to weed. Add young, seedhead-free weeds and excess summer growth to the compost pile. Remember to keep the pile as damp as a wrung-out sponge for faster composting.

☼As always, keep after the snails. Use a strong spray from the hose to wash away aphids. Ants are likely to become a problem soon. Discourage them by picking up fallen fruit and sealing off cracks that would lead them into the house.

☼Hold off fertilizing most plants in preparation for winter, but do fertilize all flowering plants that are about to bloom. Fertilize roses with a low-nitrogen formula or one that has no nitrogen at all. Do not fertilize most antique roses.

☼Pinch off dead flowers. Of course, if you wish to save seeds for planting in the future, you will want to leave the entire flower head, particularly the swollen ovaries where seeds form.

☼Postpone transplanting fall- and winter-flowering plants into the bedding plot during a heat wave. Hot weather is hard on newly transplanted plants. If you do transplant, shade them for a few days with the temporary shelter of an umbrella or a wooden shake. Stake tall, sprawling flowers.

☼Harvest vegetables as they ripen. Pick them early in the day.

☼Continue to monitor your watering system. Soak all newly transplanted plants.

These tips are from the book *Northern California Gardening: A Month-by-Month Guide,* by Katherine Grace Endicott, published by Chronicle Books, San Francisco, copyright 1996, and are used with the publisher's permission.

Reminder: The SMaRT Station on Borregas Drive, off Caribbean Drive, has mounds of compost and mulch that are free to Sunnyvale residents. Take your own container and shovel. ■
