Welcome to the LVNA

Villager

The Newsletter of the Lakewood Village Neighborhood Association

November 2010 Volume 54 Number 11 Sunnyvale, California Editor: Phyllis Fowler

Monthly Meeting November 10th

at 7:00 pm in the Lakewood Park Building

Remember: LVNA Parade is December 4th and bring a Toy For Tots

President's Column

-Fred Fowler

A New Look For The Newsletter

Greetings neighbors! As you read *The Villager* this time you may notice something different about it. After many years of existence as a strictly black and white publication, our neighborhood newsletter has entered the world of color! We have color advertisements, color clip art, even color pictures! It is also bigger! Instead of six pages we now have eight! We hope you like the new look for *The Villager* and that these changes will make it more interesting, informative and useful to read.

There is a story about how these changes came about. It involves a gutsy decision by the LVNA Board and some generous help from the City of Sunnyvale. You may think that these changes are adding greatly to the costs of the newsletter, but you would be wrong. Making these changes is actually saving us considerable money! In fact, thanks to a grant from the City of Sunnyvale we'll be able to publish our improved and expanded newsletter virtually free for the next 12 months! There is a great deal to explain, so let's get started.

BEST COPY BEST PRINTING

For many years the LVNA has been using a fine local company called "Best Copy Best Printing" to print and fold the newsletter. Best Copy has always given us a good price and prompt service, but even with generous pricing, it has become more and more difficult for us to pay their bill. Once per month the newsletter editor composes *The Villager* and gives proofs to Best Copy. Best Copy then runs the proofs through their high-speed 11 x 17 inch copier and folds the pages together with their folding machine. They produce 1,700 copies for us at a cost of about $420 per run. $420 per month adds up to more than $5,000 per year. Publishing the newsletter **(continued on page 3)**

largest financial commitment made by the LVNA.

November Meeting:

A Talk With Chief Don Johnson

-Fred Fowler

As the days get shorter and the nights get longer our thoughts turn to the holidays. Dark cold nights can bring the warmth of fellowship, but they can also bring less desirable things. Residential crime can increase, as well as the danger of fire. Bad people like the dark, and holiday warmth can ignite our old wooden homes all too easily. It is times like these when we can appreciate especially well the work of Sunnyvale's fine Public Safety department.

Do you have questions about our police force or our fire fighting capabilities? If so, then come to the Lakewood Park building at 7:00pm on Wednesday, November 10th, to enjoy a question and answer session with the LVNA's special guest, **Sunnyvale Public Safety Chief Don Johnson**. Chief Don will be joined by Lakewood Village's Neighborhood Resource Officer, **Jim Davis**. Together they will be able to answer your questions and hear your concerns about burglaries, the recent stand-off on Velvetlake Drive, the recent reductions in public safety staffing and the overall safety "climate" of the city. It should be a very interesting discussion.

And don't go away when the questions are over. After we hear from the Chief it will be time for final preparations for the 2010 Holiday Parade! November's meeting will be the last one we have before the parade steps off on December 4th! Come help out with planning, organizing the participants, the food and drink at the end of the route, and any number of important details. Our neighbor Wendy Stanley is coordinating the event, so please come prepared to pitch in and help!

I'll see you there! ◆

New Look for Newsletter

(continued from page 1)
has always been by far the largest financial commitment made by the LVNA.

To pay for the printing costs of the *Villager,* the LVNA traditionally has sold advertising space in the publication. We've developed several long-standing relationships with local advertisers who together provide just enough money to print the copies we distribute each month. We pay a price for producing the *Villager* this way. In order to generate enough advertising income to pay for an issue of the newsletter we have to devote almost half of its space to advertisements. To pay for a 6 page newsletter we have to set aside almost 3 pages for ads. That means that everything else – announcements, calendars, news, etc., has to fit in the space left over. There is never enough space for all of the things that should be in *The Villager*.

THE SUNNYVALE COMMUNITY GRANT PROGRAM

Back this Spring, the LVNA board pondered this situation and decided to try to do something about it. The City of Sunnyvale had announced a grant program to support "community building" efforts within the city, and the LVNA Board decided that a newsletter improvement project might be a good candidate for help. The board reasoned that *The Villager.* is a "community building" tool if there every was one, and that with the City's help we might find a more practical way to produce it. The most obvious way to improve *The Villager.* is to increase the amount of space in it for community information. To do so, *(cont. next Column)* change *The Villager.* to make it less dependent on advertising revenue. The best way to improve *The Villager.*

(cont.) we would have to change *The Villager* to make it less dependent on advertising revenue. The best way to improve *The Villager*, would be to produce it in a way that did not cost $420 per month. If we could find a way to reduce the costs then the advertising space problem would solve itself.

The plan we hit on was a daring one. The reason we've used Best Copy to produce the newsletter is that they have the equipment needed to do the job. They have a high-capacity printer and a folding machine that can create the pages and put them into a finished form without much trouble. Their turna-round time is normally about two days, which means that the job of printing and folding probably takes 4-6 hours or so. Their investment in these two pieces of equipment puts them in the newsletter printing business and has earned them thousands of dollars each year.

What if WE got into the "newsletter printing business"?

A PRINTER AND A FOLDING MACHINE

Last Spring the LVNA board decided to investigate the possibility of working with the City of Sunnyvale to find a way to print and fold the newsletter ourselves. We would need some kind of printer, some kind of folding machine, and money for toner and paper. Based on this idea, the LVNA applied for a Sunnyvale "community building grant".

After the grant application process had run its course the City of Sunnyvale offered the LVNA a bit of a challenge. If the LVNA would purchase the equipment needed, the City of Sunnyvale would make $1,000 available to reimburse the LVNA for toner and paper costs. This money would be available for the 2010-2011 fiscal year, and if we kept good records and used the money well there would be the possibility of applying for further monies the following year. In other words, if the LVNA came up with the money to make a "capital investment" in printing equipment, the City of Sunnyvale would pick up the tab for the monthly expenses required to produce the newsletter. After we paid for the equipment, our monthly newsletter expenses would go from $420 to zero!

How much would the printer and the folding machine cost? A few hours searching the internet gave the answer. Our newsletter is printed on 11 x 17 inch paper, folded in half to produce an 8.5 x 11 inch "magazine" format document. It turns out that refurbished printers capable of handling that size paper are available for roughly $500. **(continued on page 4)**

 ©2010 Lakewood Village Neighborhood Assoc.

Villager's New Look

(Cont. from page 3)

There are also machines called "booklet makers" capable of doing the folding job. Those are also available for roughly $500. Adding in taxes and shipping puts the total cost at around $1,200 for both machines.

When the LVNA board realized that only $1,200 was required to accept the City's challenge, there wasn't much discussion about whether to proceed or not. If an investment of $1,200 would make our monthly newsletter expense go from $420 to zero, then the equipment would pay for itself in only three months! After that we would have much more freedom to expand the content of *The Villager* to better serve the neighborhood.

The LVNA board appropriated $1,200 to acquire the devices. (Luckily we had some spare cash, thanks in part to the success of our Dumpster Day garage sale.) Late in October we took delivery of a refurbished HP Color LaserJet 5500 printer and an ISP BookletMate Booklet Maker Binding Machine. You are reading the first issue of *The Villager* produced with our own printing resources.

MOVING FORWARD

We now have the tools we need to produce our newsletter ourselves, saving lots of money and giving us the space we need to keep our community involved and informed.

Of course, there is more to producing the newsletter than simply having the tools to do it with. Those tools have to be operated in order to create the publication. Someone has to do the printing and folding! Someone has to spend those 4-6 hours per month running the equipment in order to generate the 1,700 copies we need. The equipment can't do the job alone. One or more volunteers are needed to get the job done.

Up until now we have not been able to make an appeal for volunteer help for an obvious reason. If I wrote a column about our plan to acquire printing equipment and published it in a newsletter printed by Best Copy, Best Copy might have been put in an awkward position. How would they have reacted if they found out we were trying to find a substitute for them? It was better to hold off until we actually had our new equipment in hand before we told the neighborhood about it. Now there is no need for secrecy anymore

General House Repairs

For the time being, my wife Phyllis and I are housing and operating the equipment. We're happy to do so until someone else steps up to take the job. After producing a few editions of the newsletter we'll have a better idea about the time commitment involved. So far it looks like several hours per month, first running the printer and then running the folding machine. The printer is very heavy (162 lbs), but the folding machine is more portable.

We'll need one or two people to find a place for the equipment in their homes, to work with the newsletter editor to compose and proof the pages, to produce 3,400 double sided pages each month and fold them into 1,700 eight page finished documents. Since this is "community owned" equipment, the volunteers will have to commit to keep it safe and make sure it is only used for LVNA authorized purposes.

What do you think? Will you step up to take on this responsibility? The LVNA Villager is one of the oldest publications of its kind in Santa Clara County. Its roots go back to the founding of Lakewood Village more than 50 years ago. As with all things, The Villager has gone through several changes during those years. It is time for yet another major change. This newest change is very exciting, because it opens up a whole new world of possibilities for the publication and for our neighborhood. Will you help? Do you have a few hours once per month to spare? Please let me know!

I look forward to hearing from you. And thanks on behalf of Lakewood Village. ◆

Two visitors form outer space ambled down 4th Avenue, each one stretching his four legs and waving his six arms in the air. A tailor, standing in the doorway, saw them coming and cried out to his partner, "Quick..take down that "Alterations Free" sign!"

Belated Picnic Thanks

By Fred Fowler.

Many thanks to McDonalds for their generous donation to our picnic in September. Due to an editorial mistake (i.e. I goofed), McDonalds was not thanked last month for the "orange igloos" and the drinks they provided for us. The chilled "Hi-C" was very popular with our younger neighbors. Thanks, McDonalds, for helping make our picnic such a roaring success!

More Pictures of the LVNA Picnic

The wonderful food took up 2 tables, and that didn't include the hamburgers, hot dogs and all the fixings in the pictures at the left!

(*notice the orange igloo at the front of the table! Editor*)

Newsletter Walkers Needed!

By Fred Fowler

Hello Lakewood Village. Did you know that the newsletter you are reading was delivered by one of your neighbors? There has been a long tradition of volunteerism in our neighborhood that produces all of the things we enjoy here. Dumpster Day, the LVNA picnic, the Holiday Parade and the Holiday Lighting Contest are all made possible by volunteer efforts. The Villager works the same way. It is written, published and distributed by volunteers.

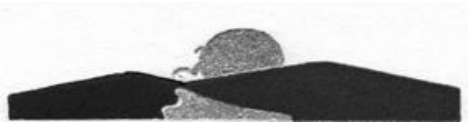

My wife Phyllis and I are volunteer "newsletter walkers". Every month we take a stack of newsletter copies and spend an enjoyable hour walking around our street and putting them in our neighbors' doors. We used to spend only 30 minutes at the chore when we only had about 60 houses to cover. Recently we asked for more addresses, and now we do 110 deliveries. Each hour is precious in Silicon Valley, of course, but we find we enjoy the fresh air, the exercise, and the conversations we have with people we meet. It's fun!

Most of our newsletter walkers have been doing it happily for many years now, but once in a while someone has to drop out. Recently we lost a few long time walkers and have had two routes on the Fairwood side open up. Many thanks to Bobbie Lacy for her long service walking the various courts along Palamos Avenue! Special thanks to Willy and Carol Rodriques who walked several courts along Sandia and Fairwood! Those people served their neighbors well, and now it is time for them to enjoy a well earned rest. It is time for some new people to step forward to take their places.

Do you enjoy reading The Villager? Do you have 30 minutes or so to spare once per month? Do you live on the Fairwood side of the neighborhood? If so, please contact Leah Lane, who is the volunteer coordinator for the Fairwood side newsletter walkers. She can be reached via e-mail at **leahrlane@aol.com**. If you live on the Lakewood side, call Wendy Stanley at (408) 745-1331. Please contact them if you are willing to give up 30 minutes a month for the sake of your neighbors.

Phyllis and I find walking our route to be one of the simplest and most enjoyable volunteer activities we do. As I said, it's fun! Please contact Leah and tell her you want to give it a try! ◆

Editor's Corner
By Phyllis Fowler

Now that Thanksgiving is almost here I thought I would share one of my favorite recipes. A few years Fred and I had my family over for Thanksgiving. With all the cooking to do I wanted a simple side dish that I could put together quickly and easily. I found this southern style recipe on **foodnetwork.com** by Paula Deen. It was a huge hit, especially with the guys! (We don't need to tell them it was so easy, just take the praise and let them feel spoiled!) I will warn you that this is rich! I left out the Cheddar cheese and reduced the butter to a third of a cup. I also use fat free sour cream, to help bring down the calories. The guys never noticed and there rarely are leftovers. However, if you do have leftovers, it heats up nicely in the microwave the next day. I hope you enjoy your holiday!

Corn Casserole
Recipe courtesy Paula Deen

Prep Time: 10 minutes
Cook Time: 55 min
Level: Easy Serves 6 to 8 servings

Ingredients

- 1 (15 1/4-ounce) can whole kernel corn, drained
- 1 (14 3/4-ounce) can cream-style corn
- 1 (8-ounce) package corn muffin mix (recommended: Jiffy)
- 1 cup sour cream
- 1/2 cup (1 stick) butter, melted
  1 to 1 1/2 cups shredded Cheddar

Directions
Preheat oven to 350 degrees F.
In a large bowl, stir together the 2 cans of corn, corn muffin mix, sour cream, and melted butter. Pour into a greased 9 by 13-inch casserole dish. Bake for 45 minutes, or until golden brown. Remove from oven and top with Cheddar. Return to oven for 5 to 10 minutes, or until cheese is melted. Let stand for at least 5 minutes and then serve warm.

Letter to the Editor

Good morning,

I'd like to introduce myself, what I do, and my experience in Lakewood Village. My name is Rick Collette, my family and I live on Fairwood, and have been here for a year and a half. When we moved here (we moved out of CA, then back), we were planning on looking around Mountain View for a home to buy. Things have changed a bit. I opened my garage to a small group of my kids friends and started teaching them a Hawaiian Martial Art called Kajukenbo. Apparently word gets around, and I now have 7 kids, including 2 of my own, who show up every afternoon, Mon-Thurs at 5:30 to learn "karate". As a side; I did take out special insurance to cover this, and I don't charge - its donation only. Since doing this, I developed a bit of an attachment to the neighborhood, and we are switching our house hunting to the Lakewood Village area. We read the newsletter when it comes, and my wife thought maybe I should shoot you an e-mail to say thanks.

We do appreciate the information it contains, and look forward to it each time. Thank you for the work that goes into this.

Rick Collette

(*Thank you Rick for your generosity to the neighborhood kids and being such a good neighbor! Editor)* ◆
