Monthly Meeting Wednesday, October 12th

At 7:00 pm in the Lakewood School Multipurpose Room

This month's topic: Sunnyvale Council Candidate Forum

Lakewood Holiday Parade is December 3rd!

President's Column

-Judy Fernandez

Hello Neighbors!

First and foremost, thank you to all the neighbors who came out to this very important meeting regarding improvements to our neighborhood parks.

The meeting was very productive. We had Scott Morton from the Park and Recreation Dept. to discuss some new facilities at both the Lakewood and Fairwood parks. There were many suggestions that your neighbors came up with. *(See page 3 for the article.)* There were some very good ideas and hopefully the City will be able to give Lakewood Village some of the items suggested. If you feel truly passionate about one of the suggestions please let the LVNA know your concerns.

This monthly meeting is very important to Lakewood and North Sunnyvale. We will have candidates running for City Council in a forum to answer questions the public might have regarding life in Sunnyvale.

There are 4 seats up for election this year. Councilman Dave Whittum is running unopposed.

However, there are 8 candidates running for the remaining 3 seats. The absentee mailers are going out on October 11th and Voting Day is November 8th. This is your chance to meet and hear the people who want to represent you the voters of Sunnyvale.

Please plan on attending Oct 12th at 7 pm at Lakewood School Multi-purpose room and voice your concerns in what direction Sunnyvale is going for the future. ◆

An Editorial—Measure A Good or Bad?

By Phyllis Fowler

This November we are faced with choosing council members for 3 seats. Dave Whittum is running unopposed, so he will continue in his council seat. However, we also have another decision to make: Does Sunnyvale need a directly elected mayor? There are strong emotions both for and against a directly elected mayor.

I have been pondering this question for months. I knew it was inevitable that it would end up on the ballot, if not this year, then the next. I have read the ballot measure analysis by the City Attorney and the arguments in favor of and against. I don't know about you, but I am left more confused that before I read the ballot. I thought it would be helpful to simplify the question. Here goes!

An Editorial—Measure A Good or Bad?

By Phyllis Fowler, Editor

(Continued from page 1)

If the City Council selects the Mayor, the Mayor becomes the leader of the City Council and not necessarily the leader of the community..

If the community elects the Mayor, the Mayor becomes the leader of the community and not necessarily the leader of the City Council.

The question of Measure A boils down to whether we need a political leader for the City Council or a political leader for the community.

In the past the council member, who was the most senior, was appointed for 1 year as mayor. This way each of the 7 council members had a chance to be mayor and it was not as contentious.

Currently the mayor is appointed for 2 years, which means not every council member will have their spot in the limelight. This leads to dissention and the "secret deals" the citizens who are for measure A refer to.

BILINGUAL STORY TIME is moving to Thursdays!

Bilingual Story Time, a very popular weekly program provided by Sunnyvale Library staff in collaboration with the CNC, is moving to a new day. It will now be held:
every Thursday from 4 – 5 pm in the Columbia Middle School Library.
In addition to having fun while learning both Spanish and English songs and stories, the program encourages parents to read to their children. Participants are able to borrow books to take home to promote increased literacy.

Halloween Safety Tips

Halloween is an exciting time of year for kids, and to help ensure they have a safe holiday, here are some tips from the American Academy of Pediatrics (AAP).

ALL DRESSED UP:

- Plan costumes that are bright and reflective. Make sure that shoes fit well and that costumes are short enough to prevent tripping, entanglement or contact with flame.
- Consider adding reflective tape or striping to costumes and Trick-or-Treat bags for greater visibility.
- Because masks can limit or block eyesight, consider non-toxic makeup and decorative hats as safer alternatives. Hats should fit properly to prevent them from sliding over eyes.
- When shopping for costumes, wigs and accessories look for and purchase those with a label clearly indicating they are flame resistant.

Obtain flashlights with fresh batteries for all children and their escorts.

ON THE TRICK-OR-TREAT TRAIL:

- A parent or responsible adult should always accompany young children on their neighborhood rounds.

Only go to homes with a porch light on and never enter a home or car for a treat.

- Because pedestrian injuries are the most common injuries to children on Halloween, remind Trick-or Treaters: Stay in a group and communicate where they will be going.
- Carry a cell phone for quick communication.
- Remain on well-lit streets and always use the sidewalk.
- Only cross the street as a group in established crosswalks (as recognized by local custom). Never cross between parked cars or out driveways.
- Don't assume the right of way. Motorists may have trouble seeing Trick-or-Treaters. Just because one car stops, doesn't mean others will!

Law enforcement authorities should be notified immediately of any suspicious or unlawful activity

HEALTHY HALLOWEEN:

- A good meal prior to parties and trick-or-treating will discourage youngsters from filling up on Halloween treats.
- Consider purchasing non-food treats for those who visit your home, such as coloring books or pens and pencils.

Wait until children are home to sort and check treats. Though tampering is rare, a responsible adult should closely examine all treats and throw away any spoiled, unwrapped or suspicious items.✱

CONSEJOS PARA HALLOWEEN

Halloween (víspera de Todos los Santos) es una emocionante época del año para los niños, y para ayudar a asegurar que tengan un día de fiesta seguro, he aquí algunos consejos de la American Academy of Pediatrics (AAP). Siéntase en libertad de usar estos consejos en parte o en su totalidad en cualquier documento impreso o emisión radiofónica o televisiva, con reconocimiento de la fuente.

TODOS DISFRAZADOS:

• Planee disfraces que sean brillantes y reflectantes. Asegúrese de que el calzado le quede bien al niño y de que los disfraces sean suficientemente cortos para evitar que los niños tropiecen, queden enredados, o entren en contacto con llamas.

• Considere añadir cinta o tiras reflectantes a los disfraces y a las bolsas para ir a pedir regalos, para mayor visibilidad.

• Dado que las máscaras pueden limitar la vista o bloquearla, considere usar maquillaje no tóxico y sombreros decorativos como alternativas más seguras. Los sombreros deben ser de la talla adecuada a fin de evitar que se deslicen sobre los ojos.

• Cuando adquiera disfraces, pelucas y accesorios, busque y adquiera los que tengan una etiqueta que indique claramente que son resistentes a las llamas.

- Obtenga linternas con pilas nuevas para todos los niños y sus acompañantes.

EN EL CAMINO DE PEDIR REGALOS EN HALLOWEEN:

• Un padre o un adulto responsable siempre debe acompañar a niños de corta edad en sus recorridos por el vecindario.

• Sólo se deben pedir regalos en casas que tengan una luz encendida en el porche, y nunca se debe entrar a una casa ni a un automóvil para recibir un regalo.

• Puesto que las lesiones de peatones son las lesiones más frecuentes de niños en Halloween, recuerde a los niños que van a pedir regalos en esa fecha:

- Permanecer en un grupo y avisar a dónde irán.

• Llevar un teléfono celular para comunicación rápida.

• Permanecer en calles bien iluminadas, y siempre ir por la banqueta.

• Sólo cruzar la calle como grupo en pasos peatonales establecidos (según lo reconozca la costumbre local). Nunca cruzar entre automóviles estacionados, ni caminos de entrada que den a la calle, ir a la esquina.

• No asumir que se tiene la preferencia. Los conductores de vehículos motorizados pueden tener problemas para ver a los niños que piden regalos en Halloween. ¡El hecho de que un automóvil se detenga, no significa que otros lo harán!

• Debe notificarse de inmediato de cualquier actividad sospechosa o ilegal a las autoridades que hacen cumplir la ley.

HALLOWEEN SALUDABLE:

• Una buena comida antes de fiestas y de ir a pedir regalos en Halloween desalentará a los jovencitos de llenarse con los dulces que reciban.

• Considere adquirir obsequios que no sean alimento para quienes visiten su hogar, como libros para colorear o plumas y lápices.

• Espere hasta que los niños estén en su hogar para clasificar los obsequios y revisarlos. Aunque la adulteración es rara, un adulto responsable debe examinar meticulosamente todos los obsequios, y desechar cualquier artículo sucio, desenvuelto o sospechoso ✱.

FAMILY FUN NIGHT is coming

To Columbia Neighborhood Center!

Do you have kids or grandkids who love Halloween? Then circle Wednesday, October 26 on your calendar. It's the date of CNC's annual Family Fun Night, a free evening of Halloween-themed games and activities for youth of all ages and their parents.

Halloween costumes are optional and youth can earn prizes while gaining tips and reminders from Dept. of Public Safety staff on how to have a safe and fun Halloween. A free light snack will be provided to children. Columbia Middle School will offer Haunted House tours and snacks as a school leadership program fundraiser.

The event is made possible through collaboration among Department of Library and Community Services and the Department of Public Safety. The event is also supported by several community partners that include Columbia Middle School, First 5 Santa Clara County and the Health Trust. ◆

Volunteers Needed for World Water Monitoring Day

Saturday, October 29
10:00 am – 12:00 pm
Stevens Creek – behind West Valley Elementary School
Free event!
Pre-registration required

Have you given much thought to the quality of water in Stevens Creek, one of the few natural creeks found in Sunnyvale? On Saturday, October 29th, the City of Sunnyvale and the Stevens & Permanente Creeks Watershed It's being held behind West Valley Elementary School in the playing field area near the Creek's pedestrian bridge crossing.

The monitoring activities are easy and fun to carry out. Volunteers will perform tests for dissolved oxygen, pH (acidity or alkalinity), turbidity (clarity) and temperature. In addition, participants will have the opportunity to do some bio-monitoring by looking at which creek bugs live in Stevens Creek – finding too many pollution tolerant bugs may indicate a pollution problem. Results from our monitoring will be shared with communities around the world.

In addition, activities will include kid-crafts and presentations on how you can be the solution to pollution prevention in our local waterways While participating in this event, volunteers can learn more about the watershed in which they live, how watersheds work and what they can do to protect important creek habitat.

Volunteers of all ages are welcome, although children need to be accompanied by an adult. Due to space limitations, we need to limit participation in this free event to the first 80 volunteers who sign up. Pre-registration is required.

For more information or to register to be a volunteer, please contact (408) 730-7717 or e-mail wpcp@ci.sunnyvale.ca.us ◆

An Editorial—Measure A Good or Bad?

(Continued from page 2)

Another argument in favor of Measure A is a mayor would be more effective with a longer term. But that was the reasoning for changing the term of the mayor from 1 year to 2 years. In the end, a mayor has 1 vote and it takes 4 votes to pass anything. If the mayor does not lead the council, he or she is still ineffective.
