Hello Neighbors!

For our ***October 10th meeting***, we will have ***Public Safety Officer Brian Gnatt*** (our Neighborhood Resource Officer) to talk to us about Animal Control and answer your questions.

Our September 12th meeting was very productive. We had the ***City Dept. of Library Services*** as our guest speaker. They spoke about the proposed new satellite library on the pool site. More details and public meetings to follow in the near future.

The ***Annual Neighborhood Picnic*** was very well attended. We had plenty of food, fun and camaraderie!

Special guests included Council members ***Tara Martin-Milius*** and ***Jim Griffith***. The ***Dept. of Public Safety*** brought a fire engine, the **League of Women Voters** came to register voters, and ***Bay Area Older Adults*** organization gave out information about their services and events.

Raffle prizes included, gift certificates from: ***Jamba Juice, See's candy, Le Boulanger Bakery***, and ***AMC*** movie tickets. For the kids, we also had carnival games, face painting, and a piñata.

Thank you to the entire group of wonderful volunteer's that made this event possible.

Halloween Tips

Halloween is an exciting time of year for kids, and to help ensure they have a safe holiday, here are some tips from the American Academy of Pediatrics (AAP).

ALL DRESSED UP:

Plan costumes that are bright and reflective. Make sure that shoes fit well and costumes are short enough to prevent tripping, entanglement or contact with flame.

When shopping for costumes, wigs and accessories look for a label that clearly indicating they are flame resistant.

Consider adding reflective tape or striping to costumes and Trick-or-Treat bags for greater visibility.

Because masks can limit or block eyesight, consider non-toxic makeup and decorative hats.

Have flashlights with fresh batteries for all children and their escorts.

ON THE TRICK-OR-TREAT TRAIL:

A parent or responsible adult should always accompany young children on their neighborhood rounds.

Only go to homes with a porch light on and never enter a home or car for a treat!

Remain on well-lit streets and always use the sidewalk. Pedestrian injuries are the most common injuries to children on Halloween.

Never cross between parked cars or out driveways. Stay in a group

Carry a cell phone for quick communication.

Don't assume the right of way. Motorists may have trouble seeing Trick-or-Treaters. Just because one car stops, doesn't mean others will!

HEALTHY HALLOWEEN:

A good meal prior to parties and trick-or-treating will discourage youngsters from filling up on Halloween treats.

Consider purchasing non-food treats for those who visit your home, such as coloring books, small toys, stickers, or pens and pencils.

Wait until children are home to sort and check treats. Though tampering is rare, a responsible adult should closely examine all treats and throw away any spoiled, unwrapped or suspicious items. ◆

Haunted: 'Toys R Us' in Sunnyvale

Did you know our local Toys R' Us store is more famous for its resident ghost than its shelves full of toys, games, dolls, and action figures. Strange things were noticed by employees in the 70's when the store was first built over the land of an old orchard. Toys and boxes would be found tossed into the aisles to be discovered by employees opening the stores in the morning. The ghost had a fondness for touching ladies' long hair, tapping their shoulders and whispering their names.

The store has been featured in TV shows: "**That's Incredible", "Ripley's Believe it or not", "Unsolved Mysteries**" and made into a documentary. Paranormal investigators have repeatedly visited this store, employees and construction workers who have had encounters with the spirit have told their stories. Most importantly, there was photographic proof of the apparition captured by an infrared camera during a séance conducted by renowned psychic, Sylvia Browne.

As the story goes, Johnny Johnson appears as a slim tall man, younger than age 35. He is dressed as a farmhand during the pre-1900 years. According to Sylvia Brown, Johnny claimed in a Swedish accent that he was searching for a gal called Beth; further, that Sylvia Brown had better move if she did not want to get her feet wet. After research, it was discovered that the Sunnyvale 'Toys R Us' building was built over the site of the ranch well and that Sylvia Brown was standing in the right location to receive wet feet.

Crazy Johnny Johnson was in love with Elizabeth Yuba Murphy Tafee, the ranch owner's daughter, or "Beth". Long before Johnson died, Beth had left the ranch to marry another man. While Sylvia Brown claimed to see Johnny Johnson as a young man, Johnny was thought to be about eighty-years-old at the time of his death on the apple ranch. The crush that Crazy Johnny had on Elizabeth was noted during his first years working as a ranch-hand.

The 'Toys R Us' aisle number 15C is where many people claim to feel nervous and smell the aroma of freshly cut flowers from time-to-time. During past interviews, the 'Toys R Us' management claims to be very happy with their ghost that brings increased sales each time that the story is reinvestigated. Amateur Sunnyvale ghost-hunters might enjoy a visit to the site where the ghost of Crazy Johnny is perhaps still visiting 'Toys R Us'. ◆
