President's Column

-Judy Fernandez

Hello Neighbors!

Our candidate's forum was very successful. We had over 60 people attend and all but one of the candidates attended. Phyllis Fowler was our moderator and she kept the questions to ones that affect Lakewood Village. Many of our concerns were addressed. Things like the branch library, pool, speed bumps, 49er parking impact, the stop light at Wildwood and much more.

As usual, we will not have a meeting in December.

A quick reminded about the Holiday Parade on Dec. 7th. We will again have our annual toy drive for Sunnyvale community services and a food barrel at Fairwood Park on that day. If you have a club or group who would like to walk in the parade please contact Wendy Stanley soon at (408) 745-1331. ◆

New Apartment Complex Proposed for Weddell Dr.

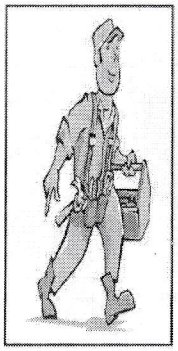

By Phyllis Fowler

You may be wondering why I am writing about an apartment complex that is not in our neighborhood. For those of you who missed our September 11th LVNA meeting, we had a presentation from the Sares Regis Group. They presented a plan to convert the long-vacant manufacturing facility at 610/630 East Weddell Drive to a beautiful residential community and open space. The site is located near the northeast corner of Fair Oaks and 101. Access to the community will be via East Weddell Drive, so the increase in traffic will not affect Lakewood Village.

The new "*green*" community will consist of 205 apartment homes with energy efficient, water saving, and indoor air quality features. When they say *green*, they mean it. The US Environmental Protection Agency recognizes Regis Homes of Northern California with a 2012 ENERGY STAR Award for building an outstanding number of ENERGY STAR certified homes in the past year.

Amenities for residents of the new apartment community will include a pool, open space, spa, bike storage and repair room, business center and fitness center. However, the apartment complex will have an impact on our neighborhood, but a good one! The most important benefit to Lakewood Village is that Sares Regis, in collaboration with the City of Sunnyvale, plans to improve the ***John Christian Greenbelt*** between Lakewood Village and Weddell Drive. They will be including a link to the future East Channel Trail! This will give Lakewood Village a safer way to walk to the Light Rail and Fair Oaks. The second benefit will be the "eyes" overlooking the Greenbelt. The area will no longer be an abandoned building that attracts crime and garbage. Instead, the complex will be overlooking the greenbelt, which will make it safer for the joggers, bikers and pedestrians who use it.

Sares Regis is a local builder that has created a number of quality residential communities within Silicon Valley. I went to their website: www.srgnc.com to see the properties they have built and they are beautiful, including the Taube Koret Campus for Jewish Life on San Antonio Road in Palo Alto. *(I drive by there all the time.)* If you would like more information, please contact Ken Busch at 650-377-5805 or kbusch@srgnc.com. ◆

If you have been hearing on the news that the health care website is now working, you can breathe a sigh of relief, because in California we have a website that works! It's called ***Covered California***. It's an online marketplace where Californians can compare and choose health plans from established health insurance companies. Covered California is the only place where the federal government will provide you financial help for health insurance, based on income household size. Whether you need general checkups, medical help for a pre-existing condition or protection from an unforeseen event, Covered California will let you choose a plan that meets your needs and budget.

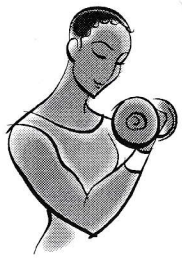

Individuals and families with income between 139% and 400% of the Federal Poverty Level should qualify for assistance for insurance premiums or out of pocket expenses, depending on specific requirements and income level.

The ***Columbia Neighborhood Center*** has specially trained CNC staff to conduct the information sessions. Attendees to these information sessions will receive information on ways to sign up, including referrals to certified enrollment counselors.

IMPORTANT: Enrollment in Covered California is FREE and residents should report to Public Safety any phone calls, email or letters from organizations that claim to help with eligibility and registration for a fee. Scammers have already started taking advantage of people who are not informed about this program. ◆

Auto Burglary-Oct 15th @ 11:51pm, W. Olive Ave.
An unknown person smashed the passenger's side window of a white Hyundai Sonata using an unknown burglary tool. The person stole a designer purse containing $4,000 in cash, four credit cards, a Social Security card, a driver's license and a checkbook.

(This is a good example of why you should not leave anything valuable in your cars!)

Residential Burglary-Oct 15th @ 7:56pm, Reed Terrace. An unknown person made entry through an open door into an attached garage and stole a women's mountain bike worth #100. Nothing else was taken.

Petty Theft-Oct 14th @4:09pm Sunnyvale Saratoga Rd.
An unknown person entered a gym locker without cutting or breaking the combination lock and stole a black leather wallet that contained a driver's license, Social Security card, Medicare card, four credit cards and $30 in cash.

(Remember driver's license and Social Security cards are very valuable to thieves. They are sold on the black market to be used for identity theft. Thieves can use them to open credit card accounts, loans, rent cars and ruin your credit. Identity Theft can and does take years to fight and you might never win!)

Theft-Oct 13th @2:11 pm Britton Ave.
A briefcase containing $260 in cash and a $200 pair of reading glasses were stolen from inside a church.

Residential Burglary-Oct 11th @ 11:50am Thunderbird Ave. An unknown person entered a residence through a front window and left through the front door. No items were taken as the person was most likely scared off by the house alarm which was activated.◆
