The Newsletter of the Lakewood Village Neighborhood Association

Volume 58 Number 3 Circulation: 1,650 March 2014 Sunnyvale, California Editor: Phyllis Fowler

Monthly Meeting: Wednesday, March 12th

At 7:00 pm at the Lakewood Park Building

Our Topic:
LVNA Board elections

President's Letter

- -Judy Fernandez

Hello Neighbors,

It is with great sadness that I tell you this is my last LVNA meeting. I have been involved since the beginning as one of the founding members of this organization back in 1989. I have served in a number of board member positions and volunteered at all of our events.

My goal back when we first started was to try and get more services out to the Northside and let the children know that they don't live on the wrong side of the tracks. I believe that LVNA has done that. We have a huge voice with the City and they now understand what we have been talking about for years. I hope that LVNA will continue to speak for the children and make this an even better place to live.

Lakewood and Fairwood are truly GREAT neighborhoods! ◆

49ers Stadium Update

By Fred Fowler

The February meeting of the LVNA was a special occasion, held on a special day with special guests. The meeting is normally scheduled for 7:00pm on the second Wednesday of each month, but this time it was moved to the second Thursday at 6:00pm. This was done to make it possible for both the Police Chief of the City of Santa Clara and the Sunnyvale Chief of the Department of Public Safety to give the neighborhood a detailed briefing about the anticipated impacts of the 49er stadium being built on Tasman Drive and scheduled to open this Fall.

A few weeks prior, LVNA president Judy Fernandez attended a study session for the Sunnyvale City Council where a comprehensive presentation was made about the expected

(Continued on Page 4)

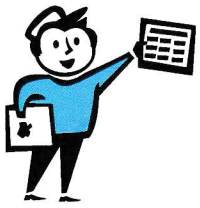

It's Election Time!

Fred Fowler has tossed his hat in to run for President of the LVNA. We still have other Board positions to fill. If you are interested in serving on the board, come to the meeting this Wednesday and toss in your hat too!

Newsletter Walker Needed

This past month we lost one of our walkers. Sarah Daugherty had been walking her route when I took over 10 years ago and probably had been doing it since the LVNA started delivering newsletters! Those of you who live on Lakewood between Meadowlake and the end of the village may have met her and hopefully you will miss her presence.

I now need a walker to take over her route. It only takes about 1/2 an hour once a month. If interested please call Wendy at 408-745-1331

49ers Stadium Update

By Fred Fowler
(cont. from Page 1)

safety, security, traffic and parking challenges the new stadium will pose. Judy was so concerned by the information that she asked if the same presentation could be given to "north side" Sunnyvale residents. She organized the special LVNA meeting and invited people from the nearby mobile home parks to attend as well. The result was a "standing room only" crowd from all the affected areas.

Santa Clara has safety and security concerns to deal with at the stadium site itself, but both Santa Clara and Sunnyvale will see increases in traffic and parking. Both Tasman Drive and Lawrence Expressway are designated as "main arterials" for traffic coming to and leaving the stadium complex and that is one major source of concern for both Lakewood Village and the mobile home parks. Lawrence Expressway is the only way in or out of the Lakewood side of our neighborhood, and Tasman is the only access for Adobe Wells, Casa de Amigos and Plaza Del Rey. If those roads are blocked by gridlocked traffic on game day, quite a number of us will be unable to get into or out of our neighborhoods.

Another area of concern is parking. There will be 10 NFL games plus about 30 other events, such as rock concerts, per year at the stadium. The people going to the football games will be mostly season ticket holders with assigned parking spaces in private parking lots nearby. There may or may not be adequate private parking for the other events, though, and Sunnyvale DPS is expecting parking issues near public transit stations and stops in North Sunnyvale. There will be special patrols of the parking lots near each of the light rail stations, and since the #55 bus line runs through Lakewood Village and ends near the stadium, there may be crowded parking near the neighborhood bus stops as well.

One thing is certain. Even though the stadium has made deals with many nearby businesses to provide parking spaces, the Environmental Impact Report for the project estimates that there will be about 3,000 fewer parking spaces than will be needed to accommodate everyone wishing to attend games. Those 3,000 cars will have to park somewhere.

To get an idea about how big of a problem that is, imagine all of those vehicles trying to park in Lakewood Village.

We have about 1,600 homes in our neighborhood, so 3,000 extra parked cars will amount to about 2 extra vehicles parked in front of every house. Needless to say, such a situation would be a disaster for us.

One point that the Chiefs made is that the traffic patterns before the events will be different from the traffic patterns after the events. Before "kickoff time", people tend to arrive little by little, each allowing for different amounts of time to get parked, get to their seats and get settled. There may be some people attending pre-game parties (although tailgating will be severely limited due to the lack of suitable locations for it.) All in all, severe traffic problems are not expected in the lead-up to each game or event.

WHAT CAN YOU DO?

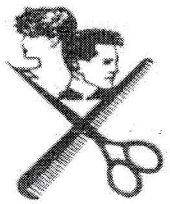

Sunnyvale DPS says it will take illegal parking issues very seriously. If you notice people parking in front of driveways, in front of fire hydrants, blocking cross walks, bus stops or handicap parking spaces, call 911. Sunnyvale DPS will come out, cite the vehicles and even tow them if appropriate.

There is a County web site that shows real-time "traffic-cam" views of major intersections, including the intersection of Lawrence Expressway and Taman Drive. The web site is http://501.com, and you can check it if you want to know whether it is going to be hard to get in or out of the neighborhood.

Two areas of concern are Lakewood Park and Fairwood Park. Both might be sites of spontaneous "tailgate" parties before games.

49ers Stadium Update

By Fred Fowler
(cont. from Page 4)

Partiers might park their vehicles, take over picnic areas, have their parties and then either ride the bus (Lakewood) or walk over the pedestrian bridge at the end of the John Christian Green belt (Fairwood) to get to the games. Sunnyvale DPS stresses that there is nothing wrong with this as long as no laws or rules are broken. Still, it makes sense for us to be vigilant and let them know if there are any problems.

THE STADIUM IS HERE TO STAY.

At the end of the meeting, the crowd expressed its gratitude to the two Chiefs for giving the presentation. All agreed that the information is very valuable and will go a long way toward helping cope with the challenges to come.

One neighbor remarked "The stadium is here to stay. We all have to figure out how to live with it."

Thanks to Judy Fernandez, we all have more information to help us do to. Many thanks to her for putting this Important meeting together. ◆
