Beware & Watch Your Mailboxes

By Phyllis Fowler

I saw this alert from Dorothy Castro Lakewood's **Nextdoor,com**:

"We live on Lakewood Drive between the church & the end by Hiddenlake. My husband was in our garage; he opened the garage door & saw a strange blond, well dressed woman in our neighbor across the street yard, partly hidden behind a bush. She was startled when the garage door opened. She took off walking fast, crossed the street turned right onto Hiddenlake & disappeared. My husband went over to check the neighbor's yard since they were not home. He found that behind the bush was their mailbox. Lucky the mailman had not run yet.

So PLEASE BEWARE & WATCH YOUR MAILBOX ALONG WITH YOUR NEIGHBORS. This was between 10 & 11 am."

This is one of the ways your identity can be stolen. Thieves take your bank statement, credit card statements or any other mail that may have information about you or your household.

How can I better protect my in-coming mail?
Install an effective locking mailbox and USE THE LOCK. Or else install the mail slots so that your mail goes into your garage. You can be purchase these at Lowe's, Home Depot or OSH.

- Watch your mailbox for deliveries (when possible have them delivered to your work or when you will be home or if you are ordering from Amazon have it sent to the Amazon Locker. The nearest is the 7-11 on Fair Oaks).
- Pick up your mail as soon as possible from your personal mailbox. Never let it overflow.
- If you are away, have a neighbor pick up and safely store each day's mail deliveries or have the US Post Office hold your mail for you.
- Consider electronic banking and direct deposits to minimize the amount of financial data coming into and going out from your mail box.
- Run a credit check regularly.
- Rent a PO Box from US Post Office or a private company (UPS store, Postal Annex etc.)
- Always review your credit card and bank statements closely and promptly. I recently balanced a bank statement and there was a check my boss had written in 2014. The check had been paid twice, once in 2014, and again last month! This is the second time it has happened in 3 months.

No one is going to protect your identity better than you! ◆
