Dumpster Day is July 16th

President's Column

-Phyllis Fowler

Greetings Neighbors!

Dumpster day will Saturday July 16th. I have been lining up locations for each of the 18 Dumpsters we'll have that day. It's a good time to prune the trees in your yard, plan your next renovation project or switch out your old toilet for new water saving one.

We will have two 28 foot Goodwill trailers again to fill up with donations. They will pay the LVNA $1,500.00 for every trailer we fill up! Last year we made over $3,000.00 and besides, every item that goes to Goodwill will help someone who needs help and will also be kept out of the landfill.

Save up your items that are in good shape. Bring clothes, household items, toys, books, small appliances. Walk around your home and collect items you and your family no longer need — that shirt that's been hanging in the back of your closet for three years, the toy trike your five-year old has outgrown, the holiday gift from grandma you never quite found a place for, etc.

We still need volunteers to assist with the Goodwill trailer and someone to take things from the Dumpster sites and bring them to the Goodwill trailers. Email me at: sunnyphyl@gmail.com **or call me at (408) 505-2748** ◆

Dumpsters and Bees!

Our meeting this month is Wednesday July 13th at 7:00pm We will be discussing Dumpster day and a special guest, Lon Ong. He is a local beekeeper and would like to talk to us about Honey Bees.

When I was in grade school we lived in El Sobrante, just north east of Richmond. The Sullivan's grandfather always had time to talk to the neighborhood's kids about beekeeping. Over a slice of bread spread with honey, he would spin a tale about bees that fascinated us. Mr. Sullivan told me when a bee starts flying around you, don't make any sudden moves or swipe at it. Just stay still or move slowly away. Honeybees serve to pollinate flowers, plants and fruit trees. Without them we would not have the bounty of fruits and vegetables. Now, when I spread golden honey on my toast; I think back to those days of watching (from a distance) Mr. Sullivan take the honey laden frame from the beehive.

Save our honeybees! Local beekeeper offers to relocate honeybee swarms free of charge or established colonies at a low cost as an alternative to pest control companies which usually kill them. Come and meet Lon at the meeting or contact Lon at **408-674-6580**.

Mass Apeal

by Bill C. Davis

Father Tim Farley, a lover of all good things in life, is comfortable in a prosperous parish. Without realizing it, he has resorted to flattering his parishioners and entertaining them with sermons that skirt any disturbing issues, in order to protect his Mercedes, his trips abroad and the generous supply of fine wines that grace his table. His well-ordered world is disrupted by the arrival of Mark Dolson, an intense, hot-headed but idealistic young seminarian who looks to Father Farley to be his mentor, even though he challenges the older priest and causes Father Farley to question his life-long choices. Their confrontation, both funny and touching, examines the very nature of friendship, and each man is substantially changed by knowing the other
