Greetings Neighbors!

We had another successful **Dumpster Day on July 16th**. Once again more than 50 dumpster loads weighing over 100 tons were taken out of the neighborhood. – good job Lakewood Village!!!

The planned 1 day event turned into a 2 day event for some locations as their dumpster monitors were present to permit the neighbors to dump on Friday. It certainly appeared like most people were prepared as the traffic around the dumpsters was quite busy throughout the event. Fred and I open the dumpsters in front of our house for all the neighbors that are not able to bring stuff on Saturday.

A SPECIAL THANKS to all the dumpster monitors who accepted the responsibility to watch over the dumpsters, they are the main reason this event has been so successful and continues to be supported by the City:

Pat Fletcher, Darryl Dowd, Willy Rodriguez and Family, Tom Watkins, Leah Lane, Rudy Ortega, Olivia Ochoa & Friends, Robin Lopez, Dan Bailor & Friends, Judy Fernandez & Friends, Fred & Phyllis Fowler, Dawn Haddaway, Bev and Robin Woidyla.

The Goodwill donation drive was not as successful as year. Back in 2015 we donated just a hair over 8 tons of usable goods. This year we did not do even half that much. We'll have to do better next year.
(*Continued on page 3)*

Annual Picnic is in September!

This month will be planning the LVNA picnic. We are looking for volunteers to do the cooking, set up, clean up, and planning.

If you would like to have the picnic or help, come to the ***August 10th meeting***. Or you can't make the meeting, email me at sunnyphyl@gmail.com.

Pet Data To Provide Animal Licensing Services.

We are excited to announce that the City of Sunnyvale has partnered with **PetData** to provide animal licensing services. PetData will make it easier for you to license or renew your pet's registration on-line or by mail.

PetData has been providing animal licensing for municipalities for over 18 years and has issued over 6 million animal licenses for more than 60 cities, counties and animal agencies. This partnership contributes to the cost effectiveness of our licensing program and provides easy to use services to the community.

Help Prevent Bullying Before it Starts

While safety is a critical concern, it's also important that adults help young people understand that small risks are normal. Sometimes over stressing safety can lead children to avoid healthy risks that help them grow. Helping young people learn to manage their own safety and react in case of emergency will help them develop confidence and independence that will serve them well throughout their lives.

FOR FAMILIES

Does everyone understand the rules about answering the phone, opening the door to strangers, spending time at home alone? Work together on rules that everyone can agree upon and follow.

Does everyone understand where to go and what to do in a fire or other emergency? Practice fire and earthquake drills so that children can easily recall the instructions during the stress and confusion of an actual event. Together, identify at least three neighbors to whom your children can go in case of an emergency at home.

Hold honest, open, and age-appropriate discussions with your children about personal safety, avoiding dangerous situations, and what to do if they feel threatened.

Talk to your children about bullying, including what to do if they or their peers are being bullied. Bullying is a form of intimidation, and directly impacts young people's sense of personal safety and comfort.

FOR ALL ADULTS

Make your home a safe place for all children in the neighborhood to go if they're threatened, hurt, or lost.

Create or serve on a neighborhood watch group for your community.

Be an "askable adult" who youth can go to when they have questions or concerns about their safety.

Model safe behaviors! Wear a helmet when you ride a bicycle and fasten your seatbelt in the car.

Pay attention to what's going on with the youth around you, and intervene if it seems that someone is being threatened, harassed, or bullied, or if youth are engaging in unsafe behaviors.

AT SCHOOL OR IN YOUTH PROGRAMS

Take a safety walk! Canvass the area with youth to identify places where people might get hurt or threatened, and discuss where the young people do and don't feel safe at the site. Brainstorm ways to address the issues, and work with the administration or facility staff to solve the problems.

Involve parents and caretakers in safety discussions to ensure message consistency and reinforcement

Create and communicate clearly defined rules for physical behaviors as well as interpersonal behaviors. It's important that youth know that bullying is not acceptable. Discuss and role-play ways that youth can stand up for themselves and their peers if they're being bullied. Make sure that youth understand the importance of reporting bullying incidents and the difference between reporting and "telling."

OTHER RESOURCES

Take 25 (http://www.take25.org) is a program of the National Center for Missing and Exploited Children encouraging parents to take 25 minutes to discuss safety issues with their children. There are lists of conversation starters for Ages 5-8, ages 9-12 and ages 13-17.

Electronic bullying online or through mobile phones, known as "cyber bullying," is a growing phenomenon, especially with the relative anonymity for bullies. A good resource to help youth understand the issues is **www.stopcyberbullying.org**. For adults: **www.cyberbullying.us** serves as a clearinghouse for the latest research and information about cyber bullying.

For K-12 schools, Project Cornerstone offers the Expect Respect peer abuse and bullying prevention workshop. With the guidance of a skilled facilitator, teams of diverse students develop leadership skills and action plans to promote healthy behaviors and reduce bullying on campus. Contact Project Cornerstone at (408) 351-6482 or **info@projectcornerstone.org** for more information.

Document Shredding Event

When: Saturday, August 27th
Time: 8:00am – 12:00pm
Where: Smart Station
301 Carl Road

Document shredding service is for residents from Sunnyvale, Mountain View, and Palo Alto **at no charge**! Residents will be required to provide **proof of residency** using a picture I.D. with an address from one of the three cities, or picture I.D. with a current utility bill.

Commercial/business customers and residents of other cities **will not** be admitted to the events.

Shredding Event Procedures

- Follow signs and cones. Cars line up and IDs are checked for residency.
- Cars are guided into the area with the shredding trucks and staff and volunteers provide assistance in off-loading boxes.
- Limit of 5 banker-sized boxes (approx. 18" x 12" x 10") or paper bags per household.

Documents are dumped into carts which are then pulled up into the trucks for immediate shredding. Paperclips, credit cards, staples, spiral notebooks, and rubber bands are acceptable. No heavy binders or binder clips (to prevent damage to shredding equipment).

Documents will be shredded inside the trucks using *"pierce and tear"* shredding equipment and the shredded paper is recycled.

You only need to shred personal documents such as anything that has information like your name, address, phone number, social security number, or bank account information, including ATM receipts, credit card receipts, bills, and even used airline tickets.

Shredding events are popular! While our volunteers work diligently to keep traffic flowing, we appreciate your patience when experiencing delays.. ◆

Jazz & Beyond Series 2016

Every Saturday through August 27, 2016 from 5:30-8:30

Murphy Avenue transforms into one big street cafe where you can enjoy a sit down dinner with over 20 restaurants to choose from! What makes this event named by locals as "The Ultimate Dining Experience" is that everyone at your table gets to choose what individual
restaurant to serve them taking away that dreaded common dining dilemma of everyone trying to agree on what type of food are we having for dinner tonight!

Oh and let's not forget some of the best regional jazz acts to grace "The Ave".

State of the Urban Forest – A Look at Sunnyvale's Trees

When: September 24, 2016 Saturday
Time: 3 p.m.
Where: Sunnyvale Public Library 665 W. Olive Ave, Sunnyvale, 94086

Leonard Dunn
Urban Landscape Manager
Street Tree Services
Parks Division of Sunnyvale

Leonard Dunn and the Sunnyvale Urban Forest Advocates invite you to come and learn about the state of the urban forest in Sunnyvale.

Maybe you've wondered about the trees in Sunnyvale. For example, how many trees do we have altogether in the city? How many street trees are there? What is the overall canopy cover in the city? Is it increasing or decreasing? What types of trees are being planted? Are we changing from the trees that were planted 60 years ago? Where is the oldest tree in the city? How do the trees cope with the drought? Does urban forest just mean trees?

These and many other questions will be answered by Leonard Dunn. He will outline the study which was done 2008/2009 of the urban forest in Sunnyvale which resulted in the Urban Forest Management Plan. Many of the above questions are answered in this plan but suggestions were also made as to how to improve the urban forest. **Come and learn what you can do to help the urban forest in Sunnyvale!**

SUFA has also invited the candidates running for City Council in November to speak on their platform for the urban forest. They will be given equal time to present their ideas and then the audience will be allowed time to ask questions of the candidates.

Residential Burglary – 1400 Blk. Bedford
Tuesday July 19 between 9:00am – 1:00pm
An unknown suspect entered the residence by prying open a side garage door. Jewelry and cash were stolen. While conducting a neighborhood canvass, it was learned that at 1215 hours, a subject rang the doorbell of a residence in the 1500 Blk. Bedford. When the resident answered the door, the subject asked for directions.

NOTE: Residents are encouraged to call 9-1-1 when they observe suspicious people in their neighborhood, including people ringing doorbells during the day asking for directions. This is a common ruse burglary suspects utilize to determine if residents are home.

Residential Burglary – 400 Blk. Pala
Friday July 15 between 9:00am – 6:00pm
An unknown suspect entered the residence by prying off a rear window screen and entering through an unsecured window. Cash, jewelry, and electronics were stolen. A neighbor stated that a subject was seen walking into the backyard of the residence, but the neighbor did not call DPS.

NOTE: Residents are reminded to report suspicious people and activity to DPS, which aids in preventing and stopping this type of criminal activity

Aggravated Assault against Police – 1085 Tasman
Monday July 11@ 12:20pm

Officers responded on a report of a suicidal subject armed with a knife. Officers made contact with the subject and attempted to deescalate the situation with a trained Crisis Intervention Team Officer. The subject failed to respond and a short time later, still armed with the knife, charged at the officers while challenging the officers to shoot him. The subject was incapacitated with less than lethal projectiles and taken into custody. The subject was booked into County Jail for Aggravated Assault against the officers and placed on a mental health hold.

Aggravated Assault & Robbery – Fair Oaks Park
Thursday July 21 @ 5:39pm

Officers responded on a report of a physical altercation occurring in Fair Oaks Park. Upon arrival, officers located a victim with substantial, but not life-threatening, injuries. It was determined the victim was attacked by two suspects armed with large wooden sticks. The victim was transported to a hospital. Officers were able to determine the identity of the suspects and at 1952 hours, officers located the suspects driving in the area of Fair Oaks and Taylor. The suspects were stopped and taken into custody. Through investigation it was determined one of the suspects was responsible for a strong-armed robbery which occurred on 7/20 at Maude and San Angelo. Both suspects were booked into County Jail.
