President's Column

-Phyllis Fowler

Greetings!
This month we will not be having a meeting.
Unfortunately, our copier has bit the dust. The repair bill is more than the printer is worth. Even then, there is no guarantee that the repair will work. Fred and I paid for it to be repaired back in November. But when it came to print the January newsletter, it failed completely. We bought a new printer on Saturday and as I write this, Fred is getting it set up so I can start printing.
Elections
However, March 8th is an important meeting, as it is our annual board elections. I will not be serving again as President of the LVNA. It has been an honor, but I do not have the time to do the LVNA justice. Without neighbor's stepping up and being a part of a very strong association, we will not continue to have our wonderful events throughout the year. Things like Dumpster Day, the Annual picnic, and the Holiday Parade will not happen! This last year we did not have anyone step forward to take on the chair of the Holiday Parade, so we did not have one. I stepped forward to chair Dumpster Day, because no one else did.

This association was formed back in 1989. Lakewood/ Fairwood has had a reputation (and still to this day) of being on the wrong side of the tracks. The LVNA has worked very hard to establish a relationship with the City and we have changed some of their opinions, but there is still more work. If this neighborhood is important to you, please consider serving on the board or chairing one of the events.

See you on March 8th ! ◆

Newsletter Editor Stepping Down

I will also be stepping down as newsletter Editor. I have been editing and printing the newsletter for the last 7 years. I spend about a week of my "off time" gathering and writing articles for the newsletter. I was able to cut the cost of printing the newsletter from $425.00 a month to less than $250.00. (Sometimes even less) I have at the same time, increased the newsletter from 4 pages to 6 and from black & white to full color!

The future of the newsletter will depend on whether a new board is elected in March. If you are interested in taking on the newsletter, come to the March meeting. I will be happy to help and assist the new editor to get out their first newsletter.

"Everybody can be great. Because anybody can serve. You don't have to have a college degree to serve. You don't have to make your subject and your verb agree to serve…. You don't have to know the second theory of thermodynamics in physics to serve. You only need a heart full of grace. A soul generated by love."
