UPDATE ON LAKEWOOD PARK RENOVATION

The City of Sunnyvale continues to move forward on the planned renovation to Lakewood Park. The second community meeting was held virtually on May 4 to review the results from the first meeting and survey and the four proposed concepts for the new design. After the meeting, the City sent out a second survey to solicit additional feedback. This survey was open May 5 - May 19 and was intended to gather input from residents about the four proposed concepts. Each of the four concepts are on Page 2. Below are some helpful links and contacts for the project.

- Link to the now-closed survey (note that, when the survey analysis is completed, public comments will be posted on the "Outcome" tab at this link)
- If you missed the meeting and survey and still want to share your input, please contact the Project Engineer Bennett Chun at 408-730-7554 or bchun@sunnyvale.ca.gov
- Go to this link to learn more about the renovation and sign up to receive future updates.

RECAP: MAY 20 COMMUNITY MEETING ON YOUTH TRANSPORTATION IN NORTH SUNNYVALE

On Saturday, May 20, there was a community meeting at Columbia Middle School to discuss transportation options for youth living in North Sunnyvale. The meeting was jointly sponsored by Sunnyvale for Equity in Education (SEE), Fremont Union High School District (FUHSD), VTA, and the City of Sunnyvale. Vice Mayor and District 1 Councilmember Omar Din was the emcee. Mayor Larry Klein, Councilmembers Linda Sell, Murali Srinivasan, and Richard Mehlinger, FUHSD board members Stanley Kou and Rod Sinks, FUHSD Superintendent Graham Clark, SSD trustee Eileen Le, and SSD Superintendent Mike Gallagher all attended.

The meeting began with an overview of a recent transportation study that SEE completed. The study found that students who live in North Sunnyvale have a very different experience getting to FHS compared to students who live south of El Camino Real. As students live farther north they have longer commutes, rely on others (parents, VTA, even Uber) to get to school instead of walking or biking, are more likely to be absent or tardy, and are more likely to miss out on extracurricular activities because of a transportation problem.

The next topic was an overview of transportation options for Fremont and Homestead High Schools. Superintendent Clark discussed district history and the impact of Prop 13 and declining enrollment on Summer School and bus options in the 1980's (when Sunnyvale High School was closed), the school bus pass program, and a transportation survey sent to students. Students who have not already completed the survey should do so as soon as possible.

In the last presentation VTA highlighted two important youth programs: the Summer Youth Pass, which gives youths 5-18 years old unlimited rides on VTA bus and light rail for June-August, and the Youth Outreach Program, which includes information on how to safely use VTA services. VTA clarified that they have aligned the bus schedule to match the FHS bell schedule. (Continued on Page 4)

MAY 20 COMMUNITY MEETING (CONT.)

The final part of the meeting was focused on community input. Everyone broke into small groups to share input on what does and doesn't work today, and to provide solutions. Here are some common themes that emerged:

- Students do not feel safe on VTA buses and are sometimes harassed by members of the public who also ride the bus. Students have witnessed drug use and have been bullied while riding the bus. One audience suggestion was for VTA to have a "transit ambassador" on the bus to reinforce the rules.
- Many students have to walk 10-15 minutes (or more) to the bus stop, and many students also have to take more than one bus to get to school.
- Buses are sometimes canceled with little notice, giving students no time to identify alternative means of transportation. Several audience members proposed that VTA provide more notice (e.g, at least one hour) for cancellations.
- Students are already busy and transportation should not add to their stress. Today, students have to go to the school office monthly to get a bus pass, and if they forget, they don't have a way to get to school. Proposed solutions include giving out bus passes for the whole academic year or auto-refilling bus passes each month.
- If students are late to school because the bus is late, they are marked tardy. If a student gets marked tardy too many times, it negatively impacts their school record and academic experience.
- Information on transportation for families of incoming freshmen needs to be shared when students register for high school. FUHSD should also come to the middle schools to share information.
- Free bus passes are helpful, but it is unclear who qualifies for the program. FUHSD and VTA employees also need this information so they can provide accurate information to parents who call with questions.
- The VTA schedule aligns well with the morning and afternoon bells, but it is not good for students who want to participate in extracurricular activities after school or on weekends.
- While biking is a good idea in theory, it's not safe due to busy roads and bad drivers. It's also hard to bike when students need to bring heavy backpacks, musical instruments, sports equipment, etc, to school.
- People were excited that FUHSD is doing a student survey, but frustrated by the low response rate. To ensure a high response rate, audience members suggested FUHSD have students complete the survey during homeroom and advertise the survey on social media/via text.

The full slide deck from the meeting (with some small updates) can be found at this link:

RECAP: NATIONAL RIVER CLEAN-UP DAY

May 20 was National River Clean-Up Day, which aims to bring together various organizations and volunteers to participate in a significant environmental effort. In collaboration with the City of Santa Clara and community members, the Creek Connections Action Group organized a comprehensive clean-up initiative along the section of Calabazas Creek that stretches from Wildwood Ave to Tasman Ave. Volunteers cleared debris, collected litter, and restored the natural beauty of the area.

With the support of the City of Santa Clara, which recognizes the importance of environmental stewardship, and the dedication of the Creek Connections Action Group, the clean-up effort received substantial backing and resources. The collaboration between these entities highlights a shared commitment to maintaining the health and beauty of the local environment. In addition to the clean-up efforts, the neighborhood officially adopted this section of Calabazas Creek as part of the Santa Clara Valley Water District's Adopt-a-Creek program. By adopting the creek, the community has made a long-term commitment to protect and nurture it for years to come. As part of this commitment, future clean-up events will be scheduled 2-3 times a year. These regular clean-ups will ensure the sustained cleanliness and well-being of the creek, benefiting both the environment and the residents who enjoy its beauty. This commitment to the long-term care of the creek showcases the power of community involvement in protecting and preserving our precious waterways.

Upcoming Events

DUMPSTER DAY - JULY 29

A reminder that the annual LVNA Dumpster Day will take place on Saturday, July 29 from 7:00am-2:00pm. This event is open to Lakewood and Fairwood residents only. Dumpsters will be placed in both the Lakewood and Fairwood neighborhoods. Additionally, there will be a dumpster behind the Shell Gas Station for mattresses and carpets, and a dumpster in the Fairwood Elementary parking lot for Goodwill donations and electronics recycling. Auto parts, TVs, refrigerators, air conditioners, computers, laptops, tablets, construction debris, business waste, syringes, paint, motor oil, other household hazardous waste, etc, will not be accepted. Additional information will be posted in the LVNA group on Nextdoor and included in the July Villager. Fliers with the information will be delivered to each house. Interested in helping out? Please email board@lvnasv.org to volunteer.

LVNA GENERAL MEETING - JULY 12

Our next LVNA general meeting will be on Wednesday, July 12 at 7:00pm in the Lakewood Park Building. More details in the July Villager, so save the date!

Little Free Puzzle Library

A quick reminder that the Lakewood/Fairwood villages have their own Little Free Puzzle Library. Please come by to take a few puzzles or drop some off. As a gentle reminder, this is a resource for the entire community. Please take no more than 3 puzzles at a time. While it's not required to return the puzzles when you are done, returning them will help keep the Puzzle Library well stocked. For location information, please email vp1@lvnasv.org

FUHSD BOARD APPOINTS ROD SINKS AS NEW TRUSTEE

After the death of Sunnyvale resident and FUHSD (Fremont Union High School District) Trustee Roy Rocklin, the FUHSD began its process to fill the vacancy. Eight initial applicants were invited for a first round of interviews, which took place on Monday, May 1. From the initial round of interviews, three finalists were selected to move to a second round of interviews (scheduled for Monday, May 8). The three finalists were:

- Allison Joe (occupational therapist, San Miguel Elementary parent, and Founding President of the San Miguel Elementary PTA)
- Rod Sinks (former Cupertino council member and mayor)
- Susan Hansen (eighth-grade science teacher in the Cupertino Union School District)

The May 8 meeting began with a second round of questions for each candidate. Then there was more than an hour of public comment with residents voicing support for the three candidates. After public comment closed, the meeting quickly arrived in a deadlock - Trustees Naomi Nakano-Matsumoto and Rosa Kim supported Allison Joe, and Trustees Jeff Moe and Stanley Kou supported Rod Sinks.

All of the current FUHSD board members live south of El Camino Real. Two live in the Sunnyvale 94087 zip code and two live in the Cupertino 95014 zip code. In the history of the FUHSD board, only two trustees have lived north of El Camino Real (both in the 94086 zip code). The FUHSD has never had a trustee who lived north of Central Expressway (either the 94085 or 94089 zip code). The current board also lacks anyone who speaks Spanish, anyone who is Latino, and anyone who has kids in Sunnyvale School District (which feeds into FUHSD).

Rod Sinks is a resident of Cupertino. He has substantial experience working as an elected official in Cupertino, but minimal knowledge about North Sunnyvale, an area that has historically been underrepresented and underserved. Allison Joe has not been an elected official, but in her time as a San Miguel parent, she built a strong, inclusive, and multi-cultural grass-roots community within a diverse, Spanish-speaking neighborhood within the FUHSD district. She speaks Spanish and her kids are in the Sunnyvale School District.

After several hours of debate, the deadlock broke in favor of Rod Sinks. On May 16, he was sworn in as the newest FUHSD board member to fill the remainder of Trustee Rocklin's term, which ends in 2024.

All candidates' applications can be found online at this link.

Recordings of all board meetings can be found here (under "Board Meeting Audio Recordings").

Kids Corner

Origami Inspired Father's Day Card

With June 18th being Father's Day, I found this cute DIY card which you can make with a little help from a grown up. It is a heart shaped foldable card with space for a lovely message inside. Kids can decorate it with stickers and stamps, too! Find the detailed tutorial here: DIY Father's Day Card Tutorial

Image Courtesy Craft Daily

Origami Jumping Frog

This is a cool traditional origami design which kids will enjoy making and playing - an origami jumping frog! Folded from a 15 cm (6 inch) square paper, follow this detailed video tutorial which explains the steps along with diagram aids to fold yours too! Origami Jumping Frog

California Park Spotlight: Lassen Volcanic National Park

This national park is home to steaming fumaroles, meadows freckled with wildflowers, clear mountain lakes, and numerous volcanoes. July to September marks the busiest time as that's when all the activities, services are open. The Manzanita campground is popular and camping reservations are required. Stargazing is particularly popular here as the park is one of the last sanctuaries of natural darkness and away from the light pollution of civilization. When planning a trip to this national park, also consider putting Lava Beds National Monument on your itinerary. More than 800 caves, Native American rock art sites, historic battlefields and campsites, can be experienced. More details can be found here:

Sunnyvale Public Library Event

Do have a look at our Public Library's calendar of events for the month of June. From Craft Time, to Story Time and lots of learning activities to choose from, there is even a Bird Walking Tour scheduled for June 11th at Don Edwards National Wildlife Refuge. For more details, click here to go to the library calendar

CONGRATULATIONS TO OUR ANNUAL MEMORIAL DAY SCAVENGER HUNT WINNERS

The second annual LVNA Memorial Day Scavenger Hunt took place from May 13 - May 31. Ten American flags were placed throughout our neighborhood. Hunters had to scour the neighborhood (with the aid of a hint map) to find the flags. Winners - the people who found the most flags the fastest - received a $20 gift card. Congratulations to our winners below!
