LVNA Villager

WELCOME TO THE NEWSLETTER OF THE LAKEWOOD VILLAGE NEIGHBORHOOD ASSOCIATION

Lakewood Park Renovation Update - Community Input Needed

On Sept 13, the Sunnyvale Parks and Recreation Commission (PRC) approved a motion 4-0 to recommend the Preferred Concept Plan (PCP) to the Sunnyvale City Council for approval. Scan the QR code to view the PCP plan. The PCP proposal for Lakewood park will:

- Reduce the amount of natural grass by 44%
- Bring artificial (plastic) turf to Lakewood Park for the first time, so that 20% of the park will be covered in artificial turf (for fields)
- Demolish the current park building (with no replacement building)
- Put a dog park where the playground currently is
- Move the playground to the southeast corner of the park
- Keep the splash pad and skate park (with some improvements)

Because the artificial turf fields will be fenced off (similar to the fencing at Fair Oaks Park), our park will lose its sense of open space. Instead, it will be effectively divided into three parts: (1) two grass fields on the west side, zoned for U-10 soccer; (2) the artificial turf fields in the middle, zoned for baseball, softball, soccer, and cricket; and (3) the rest of the park on the east side.

Traffic is also likely to increase as sports clubs use the artificial fields for games. Given that Lakewood Park has no dedicated parking lot, people attending games will have to park on the streets, therefore reducing the amount of street parking available to residents during games. Additionally, per Page 6 of the Sunnyvale Athletic Field Use and Reservation Policy, the following will be prohibited on the artificial turf: food; drinks (other than water); dogs and other pets; tents and staked umbrellas; metal cleats; high-heeled shoes; bicycles and scooters; chairs with straight legs; and more. The meeting included a presentation by city staff; public comment, which focused almost entirely around whether or not to include the artificial turf; and questions from the commissioners to city staff. The full recording of the PRC meeting can be found at bit.ly/455cXgr. Below is a table summarizing the public comments made in favor or against synthetic turf.

In Favor	Against
Mostly from AYSO (American Youth Soccer Organization) and Sunnyvale Little League. They largely ignored the health, safety, and environmental impacts of the artificial turf, and believe that artificial turf fields provide year-round play (from Dec-Feb, only drop-in play is allowed on Sunnyvale grass fields), have lower maintenance, and use less water.	Addressed negative health, safety, and environmental impacts of artificial turf. Including turf superheating (temps of 120-180 ℉), turf maintenance (brushing and raking), environmental impact in manufacture and disposal, temporary lifespan, effects of microplastics and PFAS chemicals, possible contamination of water supply.

The next step in the renovation plan is for the City Council to review and approve or reject the PCP. This is currently planned for the Oct 24 City Council meeting, which will take place at 7:00pm online (sunnyvale-ca-gov.zoom.us/j/96111580540) and in person (Council Chambers, City Hall, 456 W Olive Ave). We need people from Lakewood Village to voice their opinions on this topic. Email City Council at council@sunnyvale.ca.gov. If you can, join the Oct 24 meeting in-person or over Zoom! Be sure to note that you are providing "Public Comment on the Lakewood Park Renovation" and identify yourself as a resident of Lakewood Village.

Lakewood Village Under Oriental Fruit Fly Quarantine

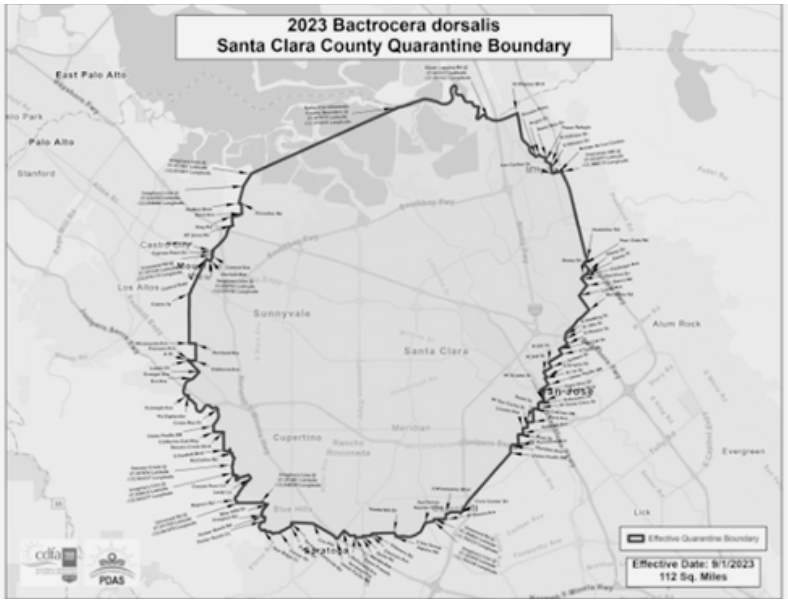

On September 6, the California Secretary of Agriculture issued a quarantine for the oriental fruit fly (Bactrocera dorsalis). The quarantine affects a 112-square-mile section of Santa Clara County, and it was put in place after eight oriental fruit flies were found in Santa Clara and Sunnyvale. The quarantine covers all of Sunnyvale and Santa Clara, along with parts of Campbell, Cupertino, Los Altos, Milpitas, Mountain View, San José and Saratoga.

As a result, all residents of Lakewood Village are included in the quarantine. While under quarantine, residents:

- Should not take any homegrown fruits and vegetables off of their property. This includes anything grown in gardens as well as fruit from fruit trees in our yards.
- Should not put any homegrown fruits and vegetables in the FoodCycle compost (yellow) part of the garbage can.
- May dispose of homegrown fruits and vegetables by:
  - Grinding them in the garbage disposal.
  - Double-bagging and sealing them, then placing them in the regular (black) part of the garbage can.

For more information, go to the official news release here: bit.ly/3t5UtiF

Note that these fruits and vegetables are safe for processing and consumption (e.g., juiced, frozen, cooked), as long as the processing and consumption occurs on the resident's property.

Pet Safety Reminder

Please keep dogs on leash and make sure that fences are secured so dogs can't escape from yards. Dogs that escape may get lost in our neighborhood - or worse. Loose dogs may bite kids, adults, or other dogs, which can result in anything from citations to the dog owners to euthansia of the dog. In a recent tragic event in our neighborhood, a dog escaped from her yard and killed a cat. The dog is now staying at an animal shelter, where her fate remains unclear. Please also make sure that your dogs (and cats) are microchipped with accurate contact information. Microchips are a huge help in reuniting lost pets with their owners. Please keep your pets safe!

Kids' Corner - October 2023

This month Kid's Corner is online-only, since there is limited space in the printed Villager. Find activities on origami ghosts and skulls, recommended local farms for pumpkin patches and Halloween rides, and more! Scan the QR code to go straight to the October Kids' Corner.

LVNA General Meeting - Oct 11 (7:00pm)

Our next quarterly neighborhood association meeting is Wednesday, Oct 11 from 7:00-8:00pm at the Lakewood Park Building. Our guest speaker is SERV (Sunnyvale Emergency Response Volunteers), part of Sunnyvale's Department of Public Safety. The meeting will focus on how to be prepared before disaster strikes, and will cover things like important documents to have on-hand, making a family communication and reunification plan, and how to get important alerts. Sunnyvale has earthquakes, fires, power outages, floods, and more. The more prepared you are before a disaster strikes, the better you will be able to respond and recover! Question? Email board@lvnasv.org

FUHSD Board Meeting: Map Public Hearing #1 of 3 - Oct 17 (5:15pm)

Public Hearing #1 for the move to trustee-area elections for the FUHSD board (see article in this Villager for details) will be held Tuesday, Oct 17 from 5:15-7:15pm at the District Office (589 W Fremont Ave) and online at https://fuhsd-org.zoom.us/j/96036721878. Want to help make sure community voices are included in this process? Reach out to SEE (Sunnyvale Equity in Education) at SunnyvaleEquityInEducation@gmail.com. For up-to-date information, visit fuhsd.org/trustee-areas.

City Council Meeting - Oct 24 (7:00pm)

The City Council meeting in which Council is expected to review the Preferred Concept Plan for the Lakewood Park renovation (see articles in this Villager for details) will be held Tuesday, Oct 24 at 7:00pm at City Hall (456 W. Morse Ave) and online at https://sunnyvale-ca-gov.zoom.us/j/96111580540

Family Harvest Food Giveaway Program - Oct 25 (4:15pm)

Everyone is eligible to receive additional food through this free food distribution program. All are welcome and you can register on site. The event is held on the fourth Wednesday of each month from 4:15-5:15pm at the Columbia Middle School Parking Lot (739 Morse Ave).

Fall StoryWalk - Nov 1 (4:00pm)

The City is hosting our very own Fall StoryWalk to celebrate Dia de Los Muertos on Wednesday, Nov 1 from 4:00-6:00pm . It will include a featured book, festive arts and crafts, and will be held in Lakewood Park. For more information, call the city at 408-730-7800.

Neighborhood Watch Pilot Program

Our Lakewood Village neighbors are starting to organize a Neighborhood Watch (NW) program. The success of it will depend on each of us and our engagement in our community. If you're like many of us, you are aware of the crime issues in our neighborhood. Our goal is to do something constructive and take ownership of what we can do, in partnership with Sunnyvale police, to make a positive change for good. Get involved:

Participants: Do you have an interest in helping Lakewood Village to be safe and secure?

- Learn to observe and report suspicious activities and individuals as described in the NW handbook and according to Sunnyvale Dept. of Public Safety
- Display a static-cling, non-permanent NW decal on the front of your house
- Join our NW group to keep updated on the latest news.
- Getting together with your neighbors via zone events/block parties

Block Captains: We need 1-2 block captains per street. Block captains are the liaison between the participants and the NW coordinator and share the responsibilities with other block captains in their zone.

- Obtain and distribute crime prevention materials to new participants in their zone. Give basic instructions on how to observe and report suspicious activities to Sunnyvale police, discuss crime problems, and give suggestions for program improvement.
- Hold quarterly zone events with fellow block captains, for zone participants to get to know each other.
- Occasional block captain meetings as needed.

We are starting a pilot program on Prescott Ave and Pecos Way. If you live on another street and are interested in participating on your streets, contact Linh 650-405-1560, treasurer@lvnasv.org.
