Lakewood Park Renovation Update

The Preferred Concept Plan for the Lakewood Park renovation was presented at the October 24 City Council meeting. The Council voted 6-0 (Councilmember Cisneros was absent) to approve the Preferred Concept Plan with the amendment to remove the artificial turf (AT) and keep the grass fields. The presentation by city staff can be found here. A recording of the Council meeting can be found here (that link should go to the time point 3:50:43, which is when the city staff presentation on Lakewood Park started).

A petition to ban the installation of AT in Sunnyvale parks was presented with over 300 signatures - including over 100 from Lakewood neighborhood. During public comment, the community spoke overwhelmingly against the installation of artificial turf at Lakewood Park. There were 44 public speakers who spoke against artificial turf that night (either in person or over Zoom), and 22 of those were from Lakewood. There were only 10 speakers in favor of the artificial turf. Councilmembers commented on the community involvement in this effort, and they specifically said that hearing opposition to artificial turf from so many Lakewood residents impacted their decision. Congratulations to those residents who signed the petition, wrote letters to council, and attended the meeting to make sure their voices were heard!

While the public speakers were able to clearly articulate the dangers of AT, some commonly-believed myths regarding the benefits of AT were also mentioned. For example, for years it was believed that AT is more drought-friendly than grass. However, this is no longer true. While the amount of water needed per year may be less with AT than with grass, when looking at the water usage over the lifetime of the material, grass used less water. It takes over 900 gallons of water to manufacture one square meter of AT, and responsible use of AT requires watering the turf to keep it cooler on hot days (or else the fields should be closed). The chemicals in the AT also leach into our groundwater and water supply, both while the field is in use and once the field has been torn out and taken to a landfill. So any water supposedly “saved” by the use of AT ends up contaminated with an assortment of chemicals. California state legislature recognized this and recently passed SB 676. SB 676 is now California state law and includes the statement that “'drought-tolerant landscaping' shall not include the installation of synthetic grass or artificial turf.” Santa Clara Valley Water’s “Landscape Rebate Program” also considers AT to be a non-qualifying material and does not offer rebates for its use.

Lakewood Park the Day of the City Council Meeting

Lakewood Park Renevation Update (Cont.)

There also remains confusion about the chemicals in AT. Of particular concern are the PFAS “forever” chemicals, which never break down and are linked to development delays, decreased immune system function, increased risk of certain cancers and more. Some people argue that PFAS-free AT exists, but it doesn’t. These people claim that newer infills (such as sand or cork) do not contain PFAS. This may be true, but those infills contain other things like lead, zinc, and polycyclic aromatic hydrocarbons (PAHs). Additionally, the infill is only one component of AT. AT also has a carpet layer (the layer with the “blades”) and this layer still uses PFAS to coat the individual blades of grass. At the same time, even if PFAS-free AT did exist, it would still be made of petroleum-based plastic. Residents clearly indicated that they do not want any plastic fields (with or without PFAS chemicals) to replace the grass fields at Lakewood Park.

Next steps include a more detailed design. Note that the early design of the Park also includes the installation of substantial amounts of poured-in-place rubber (which has its own health and safety concerns) in the playgrounds. Stay tuned for further updates!

Recap: October LVNA General Meeting

The last LVNA general meeting was held Wednesday, Oct 11 at 7:00pm at the Lakewood Park building. Guest speakers Cindy Spencer and JoAnn Rieke from SERV (Sunnyvale Emergency Response Volunteers) presented on Personal Emergency Preparedness (PEP). Handouts to help you prepare for an emergency can be found here.

Put yourself in this situation: It's 3:00am. It's dark out. You're asleep. Suddenly, you are woken up by shaking from a magnitude 6.7 earthquake. What do you do? (hint: the answer is not "panic".) If the SERV message were to be summarized in one sentence, it would be "When disaster strikes, the time to prepare ENDS!" So the question is - what can you do to prepare before disaster strikes?

First, sign up for apps that issue alerts. SERV recommends MyShake (for earthquakes), Watch Duty (for fires), and AlertSCC (for general Santa Clara County alerts). All of these are free to download to your smartphone.

Second, remember that your immediate response to an emergency should be to decide if you stay or if you evacuate. Evacuate if your shelter is not safe (e.g., structural damage, fire, gas leak, flood). Don't evacuate if you don't have to or if the evacuation route is not safe. Regardless of if you stay or leave, plan for being self-sufficient for 3 days.

Third, SERV recommends that every family discuss and agree on two types of plans:

- A Communication Plan to cover how you will connect with family members if they are separated when the emergency happens. Make a list of important numbers (e.g., school, work, insurance agent, doctors). Make a second list of emergency contacts (name and number). You should have some contacts that are local and some that live out-of-state or are not local. In cases where local calls can't get through, sometimes calls to people who are not local can go through. That not-local person can then serve as a hub for your family - everyone in your family calls that person, and that person can relay information to everyone in your family.
- An Evacuation Plan to cover where you will go. Make a list of evacuation sites. These should be clearly specified (e.g., specify front or back yard of your house). You should have some evacuation sites that are close to your home (e.g., neighbor's house, local school) and farther away (so you have plans in case you have to leave your block, neighborhood, or city)

Fourth, SERV shared some other recommendations to help you and your family survive an emergency:

- Think about required transportation to get to your evacuation place: does the car have gas; have a copy of paper maps (or maps downloaded to your phone); make sure the route will be accessible (e.g., overpasses may fall down in event of an earthquake); and plan for delays in case roads get damaged or closed.
- Have a whistle with you (e.g., one for your keychain, one for your car). People can hear whistles much more clearly than they can hear voices.
- Have a set of emergency kits, including a medical information kit, a medical kit, a bedside bag, and a go bag. Details on what goes in each kit are in the link above.
- Have water! People can only go 3 days without water. Have 1 gallon per person and per pet per day (assume a minimum of 3 days). Do not use juice bottles or milk bottles to store water. If you store water outside, keep it out of direct sunlight. Keep plastic containers off cement (e.g. on a pallet or some cardboard). Do not store plastic water bottles in the car.

Updates on Fremont Union High School District (FUHSD) Move From At-Large to By-Trustee Area Elections

The process of moving the FUHSD from at-large to trustee area elections is well underway. There has never been a FUHSD trustee from the 94089 zip code (and there have been very few FUHSD trustees from North Sunnyvale. Since Sunnyvale High School was closed in 1981, thousands of students from North Sunnyvale have traveled as many as 6 miles to get to our closest public high school, Fremont High School. Moving to trustee area elections will ensure that Sunnyvale is represented on the board of trustees. If we had been represented, perhaps Sunnyvale High School would not have been the school chosen to close in 1981. If we had been represented, perhaps students North of El Camino Real would have had accessible and free VTA bus passes for the past 42 years.

The third public hearing about the FUHSD move from at-large to trustee-areas elections was held on Tuesday, October 17. Four preliminary maps prepared by the consultant, Cooperative Strategies, were presented at that meeting. To review the maps, presentations from prior meeting, and the latest information about this process, please visit: https://www.fuhsd.org/newsroom/trustee-areas

It's crucial for Lakewood residents to stay informed and engaged in this process of forming trustee areas. After reviewing the maps, please share your input with FUHSD by completing this Google form.

FUHSD has been working with the League of Women Voters Cupertino Sunnyvale to design processes to ensure that district mapping lines are drawn with fairness and transparency.

Additionally, FUHSD is forming a community-based Community Trustee Area Districting (CTAD) Committee. Applications for CTAD members were due October 30. CTAD will facilitate the process of gathering input and developing maps which will be considered by FUHSD Trustees for elections from 2024 through 2032. CTAD will also help ensure the districts accurately reflect the needs and interests of the people they serve. More information about the committee is available here: https://www.fuhsd.org/newsroom/trustee-areas/ctad

If you'd like to stay informed about the process and receive calendar invites to school board meetings, please email SunnyvaleEquityInEducation@gmail.com or go to https://bit.ly/joinSEE to join Sunnyvale for Equity in Education (SEE).

Upcoming Events

Sunnyvale Climate Action Plan's Draft Game Plan 2028

Sunnyvale's Climate Action Playbook is the City's plan to reduce greenhouse gas emissions. The current plan requires reducing emissions 80% by 2050, but a new proposal will push the City to reduce emissions 85% by 2045. The next work plan, "Game Plan 2028" will cover the next five years (2024-2028) of this effort. Through a series of workshops and online surveys, the City is soliciting feedback from the community on the current draft of Game Plan 2028. These workshops below will provide more about the Game Plan 2028. Register for all workshops online.

Community Workshop - Dec 2 (10am-12pm)

Register here.

Online Public Workshop - Dec 7 (6:30-8:30pm)

Register here.

The full calendar of City events can be found here.

Little Free Puzzle Library

A quick reminder that the Lakewood/Fairwood villages have their own Little Free Puzzle Library. Please come by to take a few puzzles or drop some off. As a gentle reminder, this is a resource for the entire community. Please take no more than 3 puzzles at a time. While it's not required to return the puzzles when you are done, returning them will help keep the Puzzle Library well stocked. For location information, please email vp1@lvnasv.org.

Neighborhood Scavenger Hunt

Welcome to the November Scavenger Hunt! It's been a few months since our last one. Send your name, address (to confirm that you live in the Lakewood/Fairwood neighborhood), and answers to the three questions to vp1@lvnasv.org by November 25, and we will announce the winner and the correct answers in the next newsletter. If there is a tie for the winner, we will randomly select one person as the winner. The winner will get to choose a $10 gift card from World Wrapps, Wal-Mart, or Giovanni's Pizzeria.

1. Which one of these roads runs north-south (or south-north)?
   a. Lakehaven Dr.
   b. Tucson Ave
   c. Manzano Way
   d. Lakedale Way
2. True or False: There is a skatepark at Lakewood Park.
   a. True
   b. False
3. What is the name of the apartment complex that's next to the Ramada?
   a. Lakeside Apartments
   b. Plaza del Rey Apartments
   c. Ovation Apartments
   d. Arches Apartments

Answers from the September scavenger hunt:

1. *What is the name of the greenbelt that runs through the Lakewood and Fairwood neighborhoods? ANSWER: (b) John W. Christian Greenbelt?*
2. *Who is the manufacturer of the picnic tables that are near the playground area of Lakewood Park? ANSWER: (a) Pilot Rock*
3. *Which of the following is NOT an exercise included in the Vita Course set-up in the Fairwood neighborhood? ANSWER: (d) Lunges*

Fairwood Craft Fair

Fairwood Explorer

HOLIDAY CRAFT FAIR

SAT Nov 18, 2023
10am - 4pm
@Multi-purpose room

Start your holiday shopping with handmade crafts from local artisans and quality products!

Jewelry, art, paper crafts, holiday and home decor, children's books, needle crafts, and other festive gift ideas! !

TICKET

RAFFLE TICKETS

We will also have Gift Baskets with fun filled items to be raffled out at our Holiday Fair! Our goal is to raise funds for students' field trips & activities such as Meet the Masters, Project Cornerstone and much more!

Please help us achieve our goal!
Thank you for your support!

$1 = 1 raffle ticket
$20 = 25 raffle tickets

BEST DEAL! Pre-Sale only! 5 extra tickets ($1 each at the Fair)

Fairwood Explorer Elementary

We will be calling out the name, not number.
PLEASE WRITE CLEARLY:
YOUR NAME & Phone number

Need not be present to win. We will contact winners to arrange for pick up.
Email fairwoodcraftfair@gmail.com to purchase your lucky raffle tickets today or afterschool on Wed Nov 08 - Nov 17 OR purchase your raffle tickets at the Holiday Fair
(Note: Raffle tickets will be $1 each at the Fair)

Fairwood Explorer

FERIA DE ARTESANÍA NAVIDEÑA

SÁB 18 NOV 2023
10 a. m. - 4 p. m.
@Sala multipropósito

¡Comienza tus compras navideñas con artesanías hechas a mano por artesanos locales y productos de calidad!

¡Joyería, arte, manualidades con papel, decoración navideña y del hogar, libros para niños, manualidades con agujas y otras ideas de regalos festivos! !

TICKET

BOLETOS DE LA RIFA

¡También tendremos canastas de regalo con artículos divertidos para rifar en nuestra feria navideña! nuestro objetivo es para recaudar fondos para las excursiones de los estudiantes y actividades como Meet the Masters, Proyecto Cornerstone y mucho más!

¡Por favor ayúdenos a lograr nuestro objetivo!
¡Gracias por tu apoyo!

$1 = 1 boleto de rifa
$20 = 25 boletos de rifa

¡MEJOR TRATO! ¡Solo prevental 5 entradas extra ($1 cada uno en la Feria)

Fairwood Explorer Elementary

Llamaremos el nombre, no el número.
POR FAVOR ESCRIBA CLARAMENTE:
SU NOMBRE y número de teléfono

No es necesario estar presente para ganar.
Nos comunicaremos con los ganadores para organizar la recogida.
Envíe un correo electrónico a fairwoodcraftfair@gmail.com para comprar sus boletos para la rifa de la suerte hoy o después de la escuela del miércoles 8 al 17 de noviembre O compre sus boletos para la rifa en la feria navideña
(Nota: los boletos para la rifa costarán $1 cada uno en la feria)

Kids Corner

By Ancella Simoes

Diwali Craft Ideas

Diwali is the festival of lights and falls on November 12th this year. I found this great blog with free printables and crafts ideas for kids K to 5 to have fun with. There are Count and Write activities, card making, coloring pages & ideas for painting your own colorful diyas to choose from.
The Snazzy Mom: Link

DIY Diyas & Henna Candles

Our Sunnyvale Library hosts a special workshop event where kids can learn how to make their own Diyas. Older kids can learn how to make henna designs on candles! Scheduled for 7th & 14th November, in the library Program room.

Paper Lantern

Follow along this tutorial video to make your own paper lantern for Diwali. You can use any color combination you like. You can use cellophane paper or tissue paper to cover the sides. Tutorial: https://youtu.be/UKd2wMcatWk?feature=shared

Sunnyvale Library Events

The Sunnyvale Library has a variety programs and events this November celebrating Day of the Dead, Diwali as well as other fan-centric and nature events. More information on these and more events (including time) can be found on the library's November calendar.

Date	Ages	Event	Details
Nov 8	5+ years old	Lego Builders	Kids can make use of the library's brick stash and build imaginatively.
Nov 16	Grades 3-8	All About Local Birds	Learn about local birds and learn to make their own bird feeder.
Nov 11	Grades K-5	All About Dinosaurs	For all the dino loving youngsters out there, the Nutty Scientists host a presentation

Find us on Nextdoor!

If you have not already joined the LVNA group on Nextdoor then we encourage you to do so. Nextdoor allows separate settings for group posts so it's an excellent way to get curated Lakewood Village-relevant content while filtering out the rest. Board members post reminders about upcoming events and moderators ensure all activity in the group adheres to the group's rules (e.g., content relevant to Lakewood Village, no soliciting, etc.). Note that only Lakewood Village residents are permitted to join. To learn more or to join, visit nextdoor.com/g/alya6yxap

Wanted - Help with the Villager

LVNA is for additional support to keep the Villager going. We need a new Villager Editor and an additional Villager Content Creator/Writer. Both positions are open to anyone who is interested (no age requirement). With input from the LVNA Board, the Villager Editor plans content for each newsletter and edits it. The Villager Content Creator/Writer role consists of writing articles for the Villager. Articles can be contributed monthly or quarterly. The roles could also be combined into a single position if there is interest to do so.

Any of these roles are a great opportunity to help actively drive change for our community and make a positive impact on our neighborhood. If interested, please email the board at board@lvnasv.org and let them know you're on board (yes, pun fully intended).

Email vp1@lvnasv.org to include an advertisement for your business or to submit your photography from around the neighborhood to be featured in the Villager.
