President's Column

- Craig Crawford
President, LVNA

Fire Station Rumors

At last month's meeting, Jim Lane brought some information to the general meeting about the City closing down the fire station on Elko that services Lakewood. I have had several conversations with Dave Falletta, our neighborhood resource officer, about this and he assures me that this is not going to happen. The Chief and several ranking officials will be at the next meeting to talk about this. If you are concerned about the closure of the Elko fire station, then come to the November 13th meeting. It should be a

▶ *continued on next column*

▶ *continued from previous column*

concern to you, because this fire station is the only one that will be able to service us if we should lose the major overpasses that connect us to the rest of the city. Let's make a good showing for this meeting and show our concern.

Leadership in the LVNA

I will be stepping down as President of the LVNA at the end of my term next spring to explore challenging new avenues of leadership. The LVNA is a great organization that has served the residents of Lakewood village for over two decades. It will continue to grow and prosper with new leadership bringing in fresh ideas and new ways of helping the neighborhood. The requirements for being President are to attend the monthly meeting and listen to the residents. That's it! If you want to find out more about this rewarding experience, give me a call at 736-7371 and I will tell you what's involved. ■

Community Emergency

Possible Neighborhood Fire Station Closure

- Jim Lane

In a conversation with the Sunnyvale Fire Chief, it was confirmed that the Fire Department is in the planning stages of reorganizing and possibly consolidating some of the fire stations in Sunnyvale. A major concern is that Fire Station #6, located at 1282 Elko and Lawrence Station Road, could be closed.

If Fire Station #6 were closed, there would be an increase in the response time to our neighborhood. The distance from Fire Station #6 to the intersection of Lawrence Expressway and Sandia/Lakehaven (about the center of our neighborhood) is approximately one mile. The distance from the same intersection to the fire station located at Wolfe and Arques (Fire Station #4) is approximately 2.2 miles. This may not seem like a significant distance, but if you take into consideration the traffic congestion coming down Lawrence Expressway and the additional red lights, there is little doubt in the event of a life threatening fire or medical emergency, where minutes make the difference, the additional response time will cost lives and property damage.

Fire Station #6 is also our primary coverage in case of a disaster. During an event such as an earthquake, where roads and overpasses are rendered too dangerous for travel, it is likely we would be cut off from help.

Back in 1961, it took Lakewood Village residents a year and a half of knocking on doors, getting petitions signed, phone calls, and meetings with the City of Sunnyvale to get Fire Station #6 built. The neighborhood is now composed of over 1,600 homes in Lakewood

Village, the Orchard Gardens housing complex, 410 units in The Arches apartment complex, over 580 units at The Adobe Wells mobile home park, 910 units at the Casa De Amigos mobile home park, 992 units at the Plaza Del Ray mobile home park, 176 units at the Ramada Hotel, Lakewood School with 585 students and 60 staff members, Fairwood School with 330 students and 40 staff members, a child care center located on the Fairwood School campus with 130 children and 28 staff members, 22 licensed family day care facilities, restaurants, all the industrial businesses, and retail businesses in the area between Highway101 and the Bay, and many other residents and businesses who would be put in jeopardy by the added response time if Fire Station # 6 were to be closed.

Our neighborhood community is even stronger and much, much larger than it was back in 1961. We worked hard for and deserve the protection of Fire Station #6. Anything less, or a fire station that is located further away, is unacceptable. We need to make sure that all of our neighbors, be they residents or businesses, are aware of the potential planning changes. As a united community, let the City of Sunnyvale and the Fire Department know that we will not accept the closure of Fire Station #6.

▶▶ *continued from previous page*

To make sure we do not lose Fire Station #6, please contact City Hall at 408-730-7470 or send a FAX to 408-730-7699 or a letter to P.O. Box 3707, Sunnyvale, CA 94088-3707, and let them know that we will not accept the closure of Fire Station #6.

The following is a reprint of an article that appeared in the LVRA Villager in April of 1963:

Fire Station: On Saturday March 23rd before a small gathering of city officials, fire men, members of the Lakewood Village Residents Association and families, the Lakewood Village Fire Station #6 on Lawrence Station Road was dedicated.

Those speaking were Sunnyvale Mayor James Scott, Councilwoman Maureen McDaniels, LVRA President Dick Lofton and the chairman of The Fires Station Committee Bob Caswell. Refreshments were served by the LVRA Social Committee under the direction of Mrs. Betty Heiple.

▶ *continued on next column*

▶ *continued from previous column*

As we all remember, and for those who don't, the ground work for the station began back in October 1961. "Actually," Bob Caswell said, "the ground work for the station began with a promise to my oldest son, Robert Jr., shortly after the fire in which we almost lost Robert. If it hadn't been for Public Safety Officer Hanson and Mr. John Zamora plus friends and neighbors, we would not have saved him. " I also," he continued, "promised the people of Lakewood Village that if they would support me I wouldn't let them down. I feel now that my promise is complete.

In November 1961 things looked pretty gloomy for the station. Caswell's committee began to circulate a petition which later was to be presented to the City Council. During this era past president of the LVRA, Ray Harvey, began obtaining statistics on the time, distance and accessibility. Many long months of hard work faced the committee with quite a few hardships along the way. Finally, with approximately 1,600 signatures plus all their data, the Committee went before the Council. Ray Harvey presented the arguments, in behalf of The Village, and a motion was presented. The decision went four to three against the motion and it was decided that the City Manager's Office was to study the problem and discussion was tabled. After their own findings had been compiled, the issue came before the Council once again. At this time Caswell presented further facts and final arguments. Once again the issue became a motion. The motion was not only to build Lakewood's station, but it included the construction of two other stations to be constructed simultaneously. The motion again went four to three, this time in favor.

It was a victory well appreciated by both Caswell and Harvey, not to mention the whole Village.

Construction began in the fall of 1962 and reports were made and kept up to date by the Committee.

▶▶ *continued on next page*

▶▶ *continued from previous page*

> Now, almost a year and a half later a promise becomes a reality. The LVRA is proud of this Committee, its workers, those who stood behind us and proved that Lakewood Village is a civic minded community equal to anywhere.
>
> So to Bob Caswell and his Fire Station Committee, a job well done.

Other articles detailing the fight to bring this fire station to our community can be found in the following LVRA Villager issues from 1962: March, April, May, August and October. ■

Mayor Fowler Responds

- Frederik Fowler, Mayor
(excerpted from email to the Editor)

My understanding of the situation is that Public Safety is looking at Fire Station #5 (Lockheed) rather than #6 (Lawrence/Elko). The concern is that with all of the major development that is anticipated in Moffett Park, there may be a future need for more equipment to be stationed there. The Public Safety department is working on a request for Council authorization to spend some money to look into the question. That request hasn't come to us yet, and probably won't until December.

The wording of the memo is vague, and may be why it might have gotten misconstrued a bit. As far as I'm concerned, Fire Station #6 is one of the last ones I would allow to be closed. They are the first responders to medical issues in both Lakewood Village and all of the Mobile Home parks, where a large population of young children and retirees live -- the very people who need quick medical responses the most.

Chief Bakin told me over the phone that the objective was to decrease response times for all concerned, and to make sure that the right equipment was located in the right place to be effective.

I'll let you know if there are further developments. ■

City Manager LaSala Responds

- Robert LaSala, City Manager
(from a memo to Mayor Fowler)

CITY OF SUNNYVALE
OFFICE OF THE CITY MANAGER

October 15, 2002

TO: Mayor Frederik Fowler
FROM: City Manager Robert S. LaSala
SUBJECT: Information Regarding Fire Station 6

At the pancake breakfast last Saturday a question was asked Greg Kevin if the Public Safety Department was looking to close Fire Station 6. Apparently a citizen had heard and told you that at some time in the future the station would close.

This rumor probably resulted from the Public Safety Department's initiation of a non-routine item and proposed Council Study Issue for this fiscal year to obtain funding to conduct a "Fire Station Location and Resource Allocation Study". The study is being requested in light of the increase in development in the Moffett Park area over the last few years and possible additional changes with the Moffett Park Specific Plan. Because of this increase there is a need to ensure that the City will continue to provide emergency fire and EMS services that meet the goals established in the Fire Services Sub-Element and Fire Services Program outcome measures. Although this increase is occurring in the Moffett Park area the study will include the area north of Highway 101.

This project will evaluate:

- fire station location(s)
- resource allocation (equipment & personnel)
- current and estimated future response times to emergency fire and EMS calls for service

If the study is funded at the completion of it the Public Safety and Community Development Departments and my office will discuss the findings and recommendations. Council will be involved at that time to make a decision on any significant options. ■

Editor's summary

- Editor

Are you having as much trouble as I am, trying to figure out what's the truth about this fire station issue? Here's a summary:

- The City is considering performing a study of fire station locations and allocation of equipment. The study is not yet funded.
- If the study were performed, its focus would be on ensuring the adequacy of resources and response times, not on cutting costs.
- The north side of Sunnyvale would be part of the study due to development in the Moffett Park area near Fire Station #5. Fire Station #5 is near Lockheed-Martin.
- Fire Station #6, on Elko Drive, is recognized as being essential for responding to Lakewood Village, the mobile home parks, The Arches apartments, and the surrounding area. It is unlikely to be cut back or closed.
- If the study is performed, all conclusions and recommendations would be put before the Council and the public before any decisions are made. ■

Parade and Lighting Contest

- Craig Crawford
President, LVNA

December is right around the corner and that means the holiday parade is coming to town. This year's parade will feature the Fremont High School marching band and several other fun and colorful attractions. Set your calendars for December 14th at 11:00am the parade will start at Lakewood school and end with a big party at Fairwood School don't miss it.

We did not have anyone come forward with suggestions for the parade yet, but it is not too late. Call one of the board members with your parade suggestions, or better yet, with the name of your group that could be in the parade. This is for your neighborhood, and without your help and participation it not be as good as it could be.

The lighting contest will be on the 18th of December. We will be taking the judges around starting at 7:00PM. Set your light timers or be home and meet the judges and maybe offer them some Christmas cheer. This is a really big time to show what you have designed and are sharing with the neighborhood. ■

From the Editor's Desk

- Editor

'Tis the season to be spooky

I hope you all had a happy and safe Halloween. We saw quite a few trick-or-treaters this year – about as many as last year – and the costumes were very creative.

Junior journalists?

Speaking of kids, wouldn't it be great if some of the children and young adults from our neighborhood wrote articles for The Villager? It's a great opportunity to express yourself, get some writing experience, and see your work in print. Write a short essay, a poem, or a report

on a specific event. It can be about the neighborhood, your family, your school, a favorite hobby, current events, your life, or anything! My email address is listed below, and I know you know how to send email ☺.

What's New on www.lvna.net

The web site is updated at least once per month with new calendar items and other new content. This month, several more back issues of the LVRA Villager have been posted to support an article on pages 2 and 3 of this issue; there is a new map of flood risk areas and link to a Flood Database – **see if your home is at risk in a flood, especially if you live in Unit III**; there's a list of books of local interest; and, the site is now searchable! The web site is located at **http://www.lvna.net**.

To contact the Editor of The Villager…

Send your letters to the editor, articles, comments, and corrections by email to editor@lvna.net (new email address!), by FAX to (408) 738-2821, or by postal mail to LVNA Villager, c/o Brian Smithson, 1104 Burntwood Court, Sunnyvale CA 94089. ■

This Month in Lakewood History…

- Brian Smithson

48 years ago: In 1954, a developer submitted plans for a 350-home tract where Unit I is today. I believe this may have been the first proposal for what became Lakewood Village.

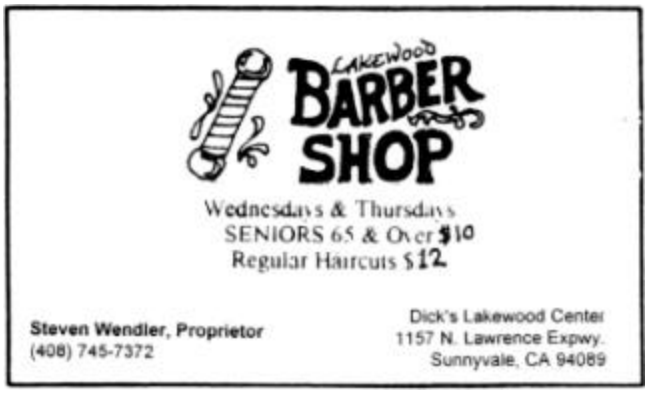

45 years ago: In 1957, Lockheed purchased 275 acres for their Missiles and Space facility (now Lockheed-Martin).

44 years ago: In 1958, plans were announced for Dick's Lakewood Center shopping plaza.

5 years ago: In 1997, Lakewood Village resident Frederik Fowler was elected to the City Council (now Mayor)

Share your history!

Are you a long-time resident of Lakewood Village? Do you have old photographs, real estate brochures, newspaper clippings, or old LVRA/LVNA newsletters sitting in a box in your garage? I'd be happy to pick up items, copy them, and return the originals. Call me at 738-5939 or email editor@lvna.net. ■

An Update on Code Enforcement Activities in Lakewood Village

The month of October was very exciting for both Neighborhood Preservation and the Department of Public Safety. During the September meeting with the residents of the Lakewood Village Pilot Program, Neighborhood Preservation received a tip regarding numerous chickens at two properties in the neighborhood. Based upon the information provided, Neighborhood Preservation contacted the Department of Public Safety's Animal Control Unit and on October 9, 2002, Animal Control and the police obtained a warrant and searched the two houses in the Pilot Program area for illegal activities. During the search, Public Safety and Animal Control discovered evidence of illegal cock fighting and drugs. The outcome of the search resulted in the euthanization of 154 chickens and roosters, the arrest of the property owner and his son for an illegal cockfighting ring, animal cruelty, and drug possession. Neighborhood Preservation staff is currently in the Abatement process to remove all of the illegal sheds, debris, junk, inoperable vehicles, chicken coops, and illegal roof extension. Neighborhood Preservation also opened a case at a third property in the Pilot Program area for the accumulation of junk and debris. The property owner is well known for neglecting several properties he owns within the City of Sunnyvale and Cupertino.

During the month of October, Neighborhood Preservation Specialist Richard Gutierrez circulated the Lakewood neighborhood and proactively enforced many issues identified and ranked as "important" and "very important" by the residents of Lakewood in June of 2002. The following is a list of some of the violations

▶ *continued on next column*

▶ *continued from previous column*

investigated in your neighborhood; 75% of these violations have been resolved and citations will be issued in cases where compliance has not been met by the given deadline:

Violation	No.
Weeds	17
Shrubs encroaching the sidewalk	5
Junk and debris stored in front	16
Garbage bins in public view	8
Auto on dirt	5
Signs	14

In order to achieve compliance with code violators, Neighborhood Preservation is utilizing Administrative Citations. The intent of the Administrative Citation process is to achieve compliance in cases where property owners fail to correct violations after they have received notice from the City. Some examples include parking automobiles on the front lawn, garbage cans left out in public view, front yard storage, the accumulation of debris, and weeds. Fines are assessed at $50 and can go up to $500.

Furthermore, in the months of September and October, Richard Gutierrez issued the following citations in the Lakewood Village area:

Street	Citation	Amt.
Lakebird Dr.	Overgrown vegetation	$50
Pecos Wy.	Vehicle on unpaved surface	$50
Prescott Ave.	Illegal shed in the rear yard	$50
Lakehaven Dr.	Illegal shed in the rear yard	$50
Pecos Wy.	Vehicle on unpaved surface	$100
Prescott Ave.	Illegal shed in the rear yard	$100
Pecos Wy.	Vehicle on unpaved surface	$200
Prescott Ave.	Illegal shed in the rear yard	$200
Meadowlake Dr.	Outside storage	$100

Please contact Richard Gutierrez, Neighborhood Preservation Specialist, at (408) 730-7447 or via e-mail at rgutierrez@ci.sunnyvale.ca.us to report violations in your neighborhood. ■

Opinions and Editorials

In a recent Letter to the Editor, a resident stated that he was shouted down at a LVNA meeting when his opinion differed with the board. Which meeting was this? It was not at any of the meetings that I have attended. Everyone is treated with respect, and all differing opinions are heard and considered. My suggestion is this: if you don't agree with the way the organization is run, then take the initiative to join the leadership ranks where you can decide how to run the organization better. It is easy to send in a letter complaining, but it takes someone special to back it up with meaningful change.

- Craig Crawford ■

Letters to the LVNA

Dear Editor, 10/13/2002
Is LVNA schizophrenic?

I was confused at last Wednesday's LVNA meeting. Craig Crawford announced that the LVNA Board decided to not ask the City of Sunnyvale for additional Neighborhood Preservation resources. And yet when Coryn Campbell asked what we wanted from the City, it was clear that most of those present wanted significantly more activity from Neighborhood Preservation. We cannot have it both ways. Either we want the City to enforce the blight reducing sections of the Municipal Code or we are happy with the status quo.

Perhaps the LVNA Board should reconsider its decision.

- Thom Mayer □

Dear Editor, 10/15/2002
I resemble that remark! ☺

- Craig Crawford ■

Announcements

New City office established for Neighborhood Issues

- Peter Bassett
Community Outreach Coordinator

In September, the City of Sunnyvale's Neighborhood and Community Services Division (NCS), a division of the Office of the City Manager, officially became the City liaison and central point of contact for all Sunnyvale neighborhood associations, rather than the Neighborhood Preservation Division. NCS' mission is to strengthen community connections and enhance the quality of life in Sunnyvale. NCS will respond to resident concerns and requests for assistance, provide information about City services, provide information about upcoming community meetings and events, and maintain a database of all Neighborhood Associations and Officers. The Neighborhood Preservation Division will continue to work closely with all associations on code enforcement issues and neighborhood clean-up events.

Peter Bassett recently joined the Neighborhood and Community Services Division. As Community Outreach Coordinator, he will act as the liaison between each neighborhood association and City Hall. Peter can be reached at 730-7739 or pbassett@ci.sunnyvale.ca.us. ■

LVNA General Meeting

- Editor

This month, the Chief of Public Safety and several ranking fire officials will discuss the status of Fire Station #6.

All residents of Lakewood Village are encouraged to attend this monthly meeting. You will meet some of your neighbors, learn about upcoming events of special interest to our community, have a chance to voice your concerns and opinions, and help work towards a better neighborhood. Children are welcome.

The next meeting is:

Date: Wednesday, November 13th
Time: 7:00 p.m.
Place: Lakewood School ■

Downtown Design Plan meetings

Informal Meeting

Thursday, November 14, 7:00-9:00pm
Presentation of 3D model: 6:30–7:00 pm
Sunnyvale Senior Center Multi-Purpose Rm.

Topics include: streetscape features, open space, height and density, street pattern, protection of neighborhoods and small businesses, and project implementation.

Outreach Workshop

Monday, November 18th, 7:00pm
City Hall, Council Chambers

A more general and interactive meeting.

Newsletter Walkers Needed

- Elena Anderson

Your LVNA is in need of a few good folks to help get the message out. It takes only a few minutes a month, gets you out of the house into the fresh air, and gives you an opportunity to meet some of your neighbors. If you can devote some time as a Newsletter Walker, please call Elena at 745-6028. It's a great way to make a contribution to the Neighborhood! ■

LVNA Board Meetings

- Craig Crawford

Any Lakewood Village resident can attend the LVNA Board Meetings. It's not just for LVNA Board members. If you are interested in attending an LVNA Board Meeting, contact Craig Crawford at 736-7371 or president@lvna.net. ■
