President's Column

- Craig Crawford
President, LVNA

The annual Holiday parade was cancelled due to rain. It was not an easy decision. I worked on this parade for four months, arranging participants, security, and snacks, only to see all the hundreds of hours of work evaporate into sadness and tears. The decision was made based on information from the Weather Channel, the local Channel 3 weather, sticking my head outside, and feeling rain in the morning. I know that some of you were outside and found that it was not raining during the two hours when the parade was to have taken place, but the weather was threatening and the wind was very strong. I cancelled the parade for safety of the participants and the parade watchers. If we had held the parade in high

wind and a child or some other person was injured due to my decision, I'm sure you'll agree that it would not have been worth it. I went around to tell everyone who did not receive a phone call that the parade was cancelled. I went to Lakewood school and there already was a teacher out there telling people that the parade was canceled.

Also at Lakewood School, I saw a little girl, wearing a colorful ballerina costume, her hair was done up beautifully by her. She was clutching her shiny baton in her little hands and looked at me so sadly. She was a participant who was looking forward to being in the baton show, showing her family and friends how hard she has practiced and worked for the big parade. It broke my heart, and this picture will remain with me forever.

This was a big event that many, many people were looking forward to. I had a hard choice to make, but one that I would not hesitate to make again if safety is an issue. Although one person was upset with my choice and asked me "Who authorized you to cancel the parade? It isn't raining right now!", thank goodness the majority of Lakewood residents are not like that. ■

Leadership in the LVNA needed

- Craig Crawford
President, LVNA

The LVNA is looking for volunteers to fill board positions this spring. If you are able to spend a few hours of your time helping your neighborhood to become a better place to raise your family, then step up and take a leadership position in the best neighborhood organization in all of Sunnyvale.

A volunteer organization does not move forward throughout the years without people to run it. I have done my duty and have been the President twice, and now I am stepping down. Each time I have been President, it has been a rewarding experience that has bettered me as a person and father. I have become a fairly competent public speaker, have sharpened my organizational skills, made countless friends in the neighborhood, and have a insight to how city government does and does not work. If this is a challenge that you are up to, give me a call and I can talk to you about what it takes to be the President.

Life without the LVNA would be a negative to the neighborhood. There would no longer be a united voice to share concerns to the City for services, no more neighborhood events that everyone enjoys, and no place to vent your concerns or to hear neighbors with similar concerns. Life in Lakewood Village would suffer without the LVNA. Step up now and make a difference.■

Sunnyvale Again Ranked Among Safest Cities

- Sunnyvale Press Release

Sunnyvale, CA (12/17/02) – The City of Sunnyvale was recently ranked as the 5th safest city in the United States and 3rd safest among cities between 100,000 and 500,000 in population, according to the Morgan Quitno Press, an independent private research and publishing company located in Lawrence, Kansas. The company specializes in reference books and monthly reports that compare states and cities in several different subject areas.

The Morgan Quitno Safest City Award is based on a city's rating for six basic crime categories: murder, rape, robbery, aggravated assault, burglary, and motor vehicle theft. All cities of 75,000+ populations that reported crime data to the FBI for the six crime categories were included in the rankings.

"Our City Council, citizens, and all the members of the Public Safety Department deserve the credit for this continuing accomplishment. In our City, we are fortunate to have a team of employees from various departments that are committed to enhancing the quality of life in our community," said Sunnyvale City Manager, Bob LaSala.

In fiscal year 2001/2002, Sunnyvale had its lowest overall crime rate since records were maintained in Public Safety, beginning in 1975. ■

Fairwood School is the First Site for *FUN ON THE RUN!*

- Krystal Gaumont

Fairwood Elementary School was the first to welcome and enjoy the initial start-up of ***FUN ON THE RUN!*** (the city's new mobile activities program for youth). Fairwood Elementary School is located in one of the areas identified in recent studies as having a need for services during after school hours, weekends and school holidays. ***FUN ON THE RUN***! transports staff, equipment and supplies to the school site on Monday afternoons. Designed for youth ages 6–14, the program features board games, arts and crafts, physical activities and non-competitive sports. The program is on site from 3:00-5:00 PM.

Right now the mobile unit is a plain white box van truck, but that is soon to change. With the help of students in a Fremont High School Regional Occupational Program graphic design class, the truck will be transformed into a colorful and eye-catching "mobile billboard" for the program.

If you would like more information about the mobile program, contact Krystal Gaumont, Coordinator of Youth and Family Services, at kgaumont@ci.sunnyvale.ca.us or 730-7743. ■

This Month in Lakewood History...

- Brian Smithson

44 years ago: In 1958, the Lakewood Village Resident's Association (LVRA) was formed. The LVRA is the predecessor to today's LVNA.

33 years ago: In 1969, at the request of the LVRA, 4-way stop signs were finally installed at intersections near Lakewood Village's schools.

Share <u>your</u> history!

Are you a long-time resident of Lakewood Village? Do you have old photographs, real estate brochures, newspaper clippings, or old LVRA/LVNA newsletters sitting in your garage? I'll copy items and return the originals. Call 738-5939 or email editor@lvna.net. ■

Opinions and Editorials

Flooding is everyone's problem

- Craig Crawford
President, LVNA

Rain, rain, rain! It looks to be a wet winter. This is a time to watch for local flooding on your street. I came back from an outing downtown and found my street was flooded, the water was up in my neighbors front yard and rising toward the front door. It was only part of the street but close enough that it was uncomfortable. The problem was the sewer grate was clogged with leaves. This is a common occurrence in Lakewood because people won't move their cars off the street when the street sweeper is scheduled. Maybe starting to ticket cars that are in the way of the street sweeper is the answer. If people won't be responsible and do what is the right thing and prevent a valuable city service to be performed that could prevent someone's house to be flooded, then ticket away. Public safety has to be involved and if it's with tickets or warnings to cars blocking the street sweeper then so be it. Any ideas or alternatives out in Lakewood land? We have put the street sweeper schedule in the LVNA newsletter several times but it is ignored. We have made announcements at the monthly meeting to no avail. Lets get public safety out to explain why we are not able to get cars blocking the street sweeper to have an enforcement nudge. ■

Letters to the LVNA

Dear Editor, 12/12/2002

I have visited Lakewood Village every year and have immensely enjoyed the Christmas light displays. Now, I find myself a new resident, and eagerly spent many hours with my husband the last few weekends decorating our home with Holiday cheer. Everything was fine for a few nights, and then sections of the lighting began to stop working.

Puzzled, my husband spent more hours trying to diagnose the problems, as more and more sections stopped working. Finally, he discovered there were multiple missing light bulbs, as well as cut wires. It looked very much like vandalism.

Last night he replaced the bulbs and repaired what he could, so once again, our display looked nice. Between 8:15 and 8:45 on 12/11, the vandals struck again. About that time, I observed 3 male juveniles walking up the street.

I am unsure whether we will even bother to keep repairing our display, or if we will have one next year, either. It is a sad thing to have a few ruin something that pleased many (including our neighbors, my husband and myself). I wonder what kind of neighborhood this is if the children are not taught to respect other people's property.

Sincerely, New Resident (Unit II)

[Editor's note: Report vandalism to Sunnyvale DPS. They may not be able to solve your particular problem, but the report will help them establish patterns and assign patrols. Don't be discouraged, put up lights next year – otherwise, the vandals will have won!] ■

Announcements

LVNA General Meeting

- Editor

We have a special guest speaker, Christine Doxtad, who is a Supervising Librarian with the City of Sunnyvale. She will be talking about trying to increase the visibility of the library in the community, and also to find out what services residents would like to have available. Some of the items she will discuss are services available online through the library. Did you know that you can access the full-text of magazine and newspaper articles, college catalogs, and e-books? She will be available for questions and answers that you might have about the library. Don't miss this chance to make our neighborhood better and get the children the books they need to be to tops in their class.

All residents of Lakewood Village are encouraged to attend this monthly meeting. You will meet some of your neighbors, learn about upcoming events of special interest to our community, have a chance to voice your concerns and opinions, and help work towards a better neighborhood. Children are welcome.

The next meeting is:

Date: Wednesday, January 8th
Time: 7:00 p.m.
Place: Fairwood School ■

LVNA Board Meetings

- Craig Crawford

Any Lakewood Village resident can attend the LVNA Board Meetings. If you are interested in attending an LVNA Board Meeting, contact the LVNA President, Craig Crawford, at 736-7371 or president@lvna.net. ■

Community Outreach and Input Meetings: Funding of Future Traffic Improvements

The City of Sunnyvale is considering a comprehensive program to fund future roadway capacity needs. Long-range future projections show the need for expressway grade separations, a major access improvement to the Moffett Park area, and addition of traffic lanes at various other intersections throughout the City, as well as bicycle and pedestrian improvements. The City is considering a funding program of outside State and Federal funding, traffic impact fees on new development, and property assessments to industrial properties in North Sunnyvale. Your input on how to fund the City's traffic needs is important. Please plan on attending one of the following community meetings. For more information, please call Jack at 408 730-7330.

Sunnyvale's Water Pollution Control Plant Unveils New Web Site

- Sunnyvale Press Release

Sunnyvale, CA (12/18/02) – In response to frequent requests from the public for online information about sewage treatment and storm water pollution prevention, the Environmental Division of Sunnyvale's Water Pollution Control Plant recently launched a website to provide information that can readily be used by everyone — from elementary school students to retirees.

"It is also useful to a highly skilled technical audience looking for information on understanding water issues," said Gail Glen, Environmental Outreach Coordinator for the Water Pollution Control Plant. "In addition to describing the plant's operational processes, the site also explains how the plant is organized, funded, and regulated."

In addition, specific tips on water pollution prevention for businesses and residents are included. There are links to regional coordination efforts with other organizations engaged in protecting local creeks and South San Francisco Bay. An extensive environmental education section describing materials and presentations available and tours of the plant is also offered.

To access the site directly, go to http://www.ci.sunnyvale.ca.us/wpcp. Or you may use the "Search" button on the navigation bar of the City's home page. For more information about the new site, contact Gail Glen at 730-7738 or gglen@ci.sunnyvale.ca.us. ■
